Record Description:

August 24, 2016

California Department of Justice 1300 I Street

Sacramento, CA 95814

RE: Request for Public Records To Whom It May Concern:

Under the California Public Records Act (Government Code Section 6250 et seq.), I ask to obtain a copy of the following data which I understand to be held by your agency:

- 1) All data on Firearm Safety Certifications kept by the California Department of Justice, beginning January 1, 2015. Please include every field, including, if available, name, date, location, instructor and so on.
 - a. If any field is redacted, please inform me of the redaction and the legal justification.
 - b. Please provide the data in a text file, such as a csv or Excel digital file.

2) Please also include any training materials instructors receive informing them how to submit Firearm Safety Certifications

The names of concealed carry weapons permit applicants are routinely made public by law enforcement agencies in response to CPRAs, so I expect this will be no different in that regard.

I ask for a determination on this request within 10 days of receipt, or sooner should you make a determination without review of the record(s) in question.

If you determine that any or all of the information is exempt, I would like to know if the exemption is discretionary, if it's necessary to exercise discretion in this case and a signed notification citing the legal authorities used to determine the records are exempt.

Should some but not all of the information be exempt from disclosure -- and you intend to withhold it -- I ask that you redact it for the time being and make the rest available as requested.

Please notify me of any duplication costs that will exceed \$10.00. If I can provide any clarification or answer any questions, my contact information is below.

Thanks in advance and take care.
