CHAPTER 129

An act to amend Sections 245, 12001, 12020, 12022, 12022.5, 12280, 12285, and 12289 of, and to add Sections 12079 and 12276.1 to, the Penal Code, relating to firearms.

[Approved by Governor July 19, 1996. Filed with  
Secretary of State July 19, 1996.]

LAWYER STEPH COLEMAN'S DIGEST

SB 25. Permits. Firearms assault weapons.

(1) Existing law makes it a misdemeanor for any person to manufacture, cause to be manufactured, import into this state, keep or offer for sale, give, lend, or possess specified weapons and explosives.

This bill would make it a misdemeanor or a felony beginning January 1, 2000, for any person, except as provided, to manufacture, import into the state, keep or offer for sale, give, or lend any large-capacity magazine. A large-capacity magazine would be defined to mean any ammunition feeding device with the capacity to accept more than 10 rounds. By expanding the definition of, and increasing the penalty for, a crime, this bill imposes a state-mandated local program.

(2) Existing law requires imposition of a longer term of imprisonment on any person convicted of assault with a deadly weapon, and for enhanced terms of imprisonment for a person convicted of a felony, if that person was either armed with, or personally used, an assault weapon or machinegun, as defined, in the commission of, or attempted commission of that felony.

Existing law makes it a crime to engage in specified activities regarding assault weapons and regulates the lawful possession of those weapons. Existing law defines the term "assault weapon" by, among other things, designating a list of specified semiautomatic firearms.

This bill would further define the term "assault weapon" by providing descriptive definitions concerning the capacity and function of the weapon. These expanded definitions would specifically apply to the above-mentioned increased term and enhancement provisions and to related provisions. By expanding the definition of a crime, this bill would impose a state-mandated local program.

(3) Existing law makes it a crime, punishable either as a felony or a misdemeanor, for any person to possess any assault weapon, as defined. However, if a person charged with a first-time violation of

that offense presents proof that he or she lawfully possessed the assault weapon within a specified period, and has since registered the weapon or relinquished it, the offense is punishable as an infraction, if the person has also complied with specified conditions. Existing law also provides a period of forgiveness to persons in possession of an assault weapon during a specified period under specified conditions. In addition, existing law exempts specified law enforcement agencies from the prohibition against possession, purchase, or sale of assault weapons.

This bill would make it an infraction, punishable by a fine up to \$500, for a first time violation of the above-mentioned offense, if the offender was found in possession of no more than 2 firearms to compliances with specified provisions and proves that he or she lawfully possessed the assault weapon prior to the date it was defined as an assault weapon under the proposed provision set forth in (2). This bill would also add an additional period of forgiveness for persons in possession of assault weapons, as defined, pursuant to the proposed provision set forth in (2), to extend to the one-year period after the weapon was defined as an assault weapon under that proposed provision. By defining a new crime, this bill would impose a state-mandated local program. The bill would also exempt certain additional off-duty and certain retired law enforcement personnel from the prohibition against possession, purchase, or sale of assault weapons.

(4) Existing law requires any person who lawfully possesses an assault weapon, as defined, prior to specified periods, to register that weapon with the Department of Justice, within a specified period of time.

This bill would require any person who lawfully possessed an assault weapon prior to the date it was defined as an assault weapon pursuant to the proposed provision mentioned in (2) above, to register the weapon within one year of the effective date of that provision.

(5) Existing law requires the Department of Justice to conduct a public education and notification program regarding the registration of assault weapons, the limited forgiveness period of the registration requirement and the consequences of nonregistration.

This bill would require that the public education and notification program include the new definition of assault weapons discussed in paragraph (2) above.

(6) The bill would state legislative intent.

(7) The bill would provide that its provisions are severable.

(8) This bill would incorporate additional changes in Section 12020 of the Penal Code proposed by SB 359, to be operative if SB 359 and this bill are both enacted and become effective on or before January 1, 2000, and this bill is enacted last.

(b) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for seeking that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

*The people of the State of California do enact as follows:*

## INTRODUCTION

For the purposes of this guide, assault weapons are divided into three categories. These are: Category 1 - Penal Code section 12276 subdivisions (a), (b), (c) (Roberti-Roos Assault Weapons Control Act of 1989); Category 2 - Penal Code section 12276 subdivisions (e) and (f) (*Kasler v. Lockyer*, AK and AR-15 series assault weapons); and Category 3 - Penal Code section 12276.1 (SB 23 - generic characteristic assault weapons). A **combined listing of Category 1 and Category 2 assault weapons can be found on page 82.**

### Category 1. The Roberti-Roos Assault Weapons Control Act of 1989

This was California's first assault weapons act. Under this act, any firearm on a list specified in Penal Code section 12276 is considered an assault weapon. Such assault weapons are controlled (i.e., may not be legally purchased, kept for sale, offered for sale, exposed for sale, given, lent, manufactured, distributed, or imported) after December 31, 1991, and were required to be registered as assault weapons with the Department of Justice on or before March 31, 1992. In addition, the Roberti-Roos Assault Weapons Control Act controlled AK and AR-15 series assault weapons (Penal Code section 12276, subd (e) and (f) - see Category 2). These assault weapons are controlled regardless of whether they have Category 3 (Penal Code section 12276.1 - SB 23) characteristics. The only legal option for Category 1 assault weapons that were not registered on or before March 31, 1992, is to surrender them to law enforcement pursuant to Penal Code section 12288.

### Category 2. AK and AR-15 Series Weapons

The California Supreme Court upheld the constitutionality of the Roberti-Roos Assault Weapons Control Act of 1989 in *Kasler v. Lockyer*. This decision took effect August 16, 2000. Effective August 16, 2000, firearm models that are variations of the AK or AR-15, with only minor differences from those two models, are assault

weapons under the original Roberti-Roos Assault Weapons Control Act of 1989. AK and AR-15 series weapons were controlled as of August 16, 2000, and must have been registered as assault weapons with the Department of Justice on or before January 23, 2001. The only legal option for Category 2 assault weapons that were not registered on or before January 23, 2001, is to surrender them to law enforcement pursuant to Penal Code section 12288. These assault weapons are controlled regardless of whether they have Category 3 (Penal Code section 12276.1 - SB 23) characteristics.

#### Category 3. Generic Characteristics

As of January 1, 2000, Senate Bill 23 (Chapter 129, Statutes of 1999) provided that firearms that have characteristics falling under any of the categories listed in Penal Code section 12276.1 are assault weapons. These assault weapons were controlled as of January 1, 2000, and must have been registered as assault weapons with the Department of Justice on or before December 31, 2000. However, a person arrested for possession of an unregistered Category 3 assault weapon on or before December 31, 2001 could have registered it under conditions specified in Penal Code section 12280(c) pursuant to reducing the charge to an infraction. On and after January 1, 2002, the only legal option for Category 3 assault weapons that are not registered is to surrender them to law enforcement pursuant to Penal Code section 12288. An exception for peace officers is addressed on the next page.

#### Punishment

- Possession – Felony or misdemeanor -- (**Penal Code § 12280(b)**)  
Infraction under limited time and conditions -- (**Penal Code § 12280(c)**)
- Manufacture, distribution, transportation, importation, sale, and transfer of assault weapons – Felony.  
(**Penal Code § 12280(a)**)

**PEACE OFFICER EXEMPTION EFFECTIVE JANUARY 1, 2002**

Effective January 1, 2002, a peace officer member of a police department, sheriff's office, or other law enforcement agency specified in Penal Code section 12280(f) who possesses or receives an assault weapon prior to January 1, 2002, may, with the authorization of his or her agency head, retain and personally possess that firearm provided he or she registers it as an assault weapon with the Department of Justice on or before April 1, 2002. Any such-identified peace officer may also, with the authorization of his or her agency head, purchase or receive an assault weapon on or after January 1, 2002, provided he or she registers it as an assault weapon with the Department of Justice within 90 days of receipt. Agency authorization must be in the form of verifiable written certification from the head of the agency identifying the recipient or possessor of the assault weapon as a peace officer and authorizing him or her to receive or possess the specific assault weapon. The peace officer must include a copy of this authorization with the assault weapon registration. Assault weapon registration forms may be obtained from the Department of Justice by calling (916) 227-3694.

**CONFIRMATION OF REGISTRATION (Law Enforcement Agencies Only)**

A law enforcement agency may verify an assault weapon registration by consulting the Automated Firearms System (AFS), which is accessible through the California Law Enforcement Telecommunications System (CLETS). Each AFS assault weapon record includes the date of registration, information identifying the registrant, and information identifying the weapon. Please note that the assault weapon registrant is not required to be in possession of his or her registration documentation.

## **Category 1.**

**Penal Code Section 12276, subdivisions (a)-(c)**

**Robert-Roos Assault Weapons  
Control Act of 1989**

**CATEGORY 1****The Roberti-Roos Assault Weapons Control Act of 1989**

The Roberti-Roos Assault Weapons Control Act of 1989 was California's first assault weapons act. The Act is still in effect and specifically identifies assault weapons by make and model. Assault weapons under this act include those firearms that are marked as specified in Penal Code section 12276, as well as those makes and models specified by the Attorney General pursuant to Penal Code section 12276.5. As of October 2001, the Attorney General has not utilized the add-on provisions of Penal Code section 12276.5 subdivisions (a)-(f).

Except as otherwise noted, firearms described in this publication have been physically identified as assault weapons by their markings. Those markings generally, but not always, include both the name or trademark of the manufacturer and the model name or number of the firearm. Each description includes identification markings and an indication of where those markings, if any, are found on the firearm.

Caution must be used in identifying Roberti-Roos assault weapons because of the ease in which their appearance may be altered with attachments or different types of stocks; however, removing a characteristic does not change a firearm's status as a Category 1 assault weapon. A firearm specified in Penal Code section 12276 by make and model is a controlled assault weapon even if it is not identical to its picture in this publication. If in doubt about the identity of a particular firearm, or if identifying marks have been removed or altered, please consult the Department of Justice Firearms Division at (916) 263-4887.

The Legislature has defined assault weapons as the types, series, and models listed in this section because it was the most effective way to identify and restrict a specific class of semiautomatic weapons.

## AK and AR-15 Series Weapons <sup>56</sup>

### CATEGORY 2

#### AK and AR-15 Series Weapons (*Kasler v. Lockyer*)

This California Supreme Court decision took effect on August 16, 2000. Under this decision, any firearm of minor variation of the AK or AR-15 type (i.e., series weapon), regardless of the manufacturer, is a Category 2 (*Kasler v. Lockyer*) assault weapon under the original Roberti-Roos Assault Weapons Control Act of 1989.

All AK and AR-15 series weapons had to be possessed before August 16, 2000 and must have been registered on or before January 23, 2001. The Department of Justice is required to identify these series weapons and includes in this publication a listing of identified AK and AR-15 series weapons.

It is important to note that removal of a firearm's characteristics does not affect its status as a Category 2 assault weapon. A Category 2 assault weapon is still an assault weapon even if it has no Category 3 (SB 23 - generic characteristics) features.

Category 2 assault weapons may be of any caliber, including .22 caliber rimfire.

## AK Series Weapons

The following pages show markings and illustrations of AK series weapons subsequently identified as Roberti-Roos assault weapons as a result of the California Supreme Court's ruling in *Kaster v. Lockyer* on August 16, 2000. Listed weapons were required to be purchased on or before August 16, 2000 and registered as assault weapons on or before January 23, 2001, with the exception of original Category I (Roberti-Roos) assault weapons, which were required to be registered on or before March 31, 1992. Category I weapon models on the list are noted with asterisks.

**G** The markings on each of these firearms can usually be found on the receiver. In some cases, the markings appear on the trunode (between the barrel and the receiver).

Caliber has no bearing on a weapon's status as a series weapon and should be disregarded when making an identification. For example, a ROMAK AK-47 is a series weapon whether it is in .223 cal., .308 cal, or 7.62 X 39 mm.

The makes and models provided in this guide include those which the Department of Justice was able to locate prior to printing this booklet. It is probable that some series weapons unknown to the Department of Justice are in circulation. If you encounter a suspected series weapon that is not specifically identified in this booklet, please contact the Firearms Division at (916) 263-4887 for identification of that weapon. Additional assault weapon models as they are identified will be included in future versions of this guide and will be posted on our website at [www.oag.ca.gov/firearms/awguide/](http://www.oag.ca.gov/firearms/awguide/).

## AR-15 Series Weapons

### AR-15 Series Weapons

The following pages show markings and illustrations of AR-15 series weapons. The Colt AR-15 was the only AR-15 series weapon to be originally identified as an assault weapon under the Roberti-Roos Assault Weapons Control Act of 1989, and was required to be registered on or before March 31, 1992. With the exception of the Colt AR-15, all of the listed AR-15 series weapons were subsequently identified by the Department of Justice as Category 2 assault weapons as a result of the *Kasler v. Lockyer* California Supreme Court ruling effective August 16, 2000. Category 2 (*Kasler v. Lockyer*) weapons were required to be purchased on or before August 16, 2000 and registered as assault weapons on or before January 23, 2001. The markings on these firearms usually appear on the left side of the lower receiver.

62

Caliber has no bearing on a weapon's status as a series weapon and should be disregarded when making an identification. For example, upper receiver conversion kits are available to convert almost any AR series weapon into .45 ACP, .40 S&W, 7.62 X 39 mm, 9 mm, 10 mm, or .223 caliber.

The makes and models provided in this guide include those which the Department of Justice was able to locate prior to printing this booklet. It is probable that some series weapons in circulation are unknown to the Department of Justice. If you encounter a suspected series weapon that is not specifically named in this booklet, please contact the Firearms Division at (916) 263-4887 for identification of that weapon. Additional assault weapon models as they are identified will be included in future versions of this guide and will be posted on the Firearms Division website at [www.ag.ca.gov/firearms/awguide/](http://www.ag.ca.gov/firearms/awguide/).

**Assault Weapons Defined and  
Identified based on Generic  
Characteristics**

## CATEGORY 3

### Assault Weapon Generic Characteristics (Penal Code Section 12276.1)

The Roberti-Roos Assault Weapons Control Act of 1989 (Penal Code section 12276) regulates specific assault weapons by makes and models. Since its passage in 1989, many manufacturers created new firearm models that have very similar characteristics to controlled assault weapons. In response, the Legislature passed and the governor signed SB 23 (Chapter 129, Statutes of 1999), which created Penal Code section 12276.1 to define assault weapons by generic characteristics. It is important to understand that the Roberti-Roos Assault Weapons Control Act of 1989 (Penal Code section 12276), which lists assault weapons by make and model, is still the law and those weapons were required to be registered on or before March 31, 1992 (with the exception of certain AK series and AR-15 series weapons, which were required to be registered on or before January 23, 2001). (Penal Code §§ 12276.1)

Penal Code section 12276.1 complements rather than supersedes the Roberti-Roos Assault Weapons Control Act of 1989. A firearm that is of a type specified in Penal Code Section 12276.1 that has any of the specified characteristics listed for that type of firearm is considered a Category 3 (generic characteristics) assault weapon. Under Penal Code section 12276.1, a firearm's make, model, or markings have no bearing on whether it is an assault weapon. A firearm's status as an assault weapon under this category is determined solely by its characteristics. There are three general types of firearms that are controlled by the generic characteristics assault weapons laws. These types include semiautomatic centerfire rifles, semiautomatic pistols, and semiautomatic or revolving cylinder shotguns.

## **Generic Characteristics Defining Assault Weapons:**

12276.1 (a) Notwithstanding Penal Code section 12276, "assault weapon" shall also mean the following:

### **Rifles**

- (1) A semiautomatic, centerfire rifle that has the capacity to accept a detachable magazine and any one of the following:
  - (A) A pistol grip that protrudes conspicuously beneath the action of the weapon.
  - (B) A thumbhole stock.
  - (C) A folding or telescoping stock.
  - (D) A grenade launcher or flare launcher.
  - (E) A flash suppressor.
  - (F) A forward pistol grip.
- (2) A semiautomatic, centerfire rifle that has a fixed magazine with the capacity to accept more than 10 rounds.
- (3) A semiautomatic, centerfire rifle that has an overall length of less than 30 inches.

**Note:** Bayonets and bayonet lugs are not assault weapon characteristics under California law.

**Pistols**

- (4) A semiautomatic pistol that has the capacity to accept a detachable magazine and any one of the following:
- (A) A threaded barrel, capable of accepting a flash suppressor, forward handgrip, or silencer.
  - (B) A second handgrip.
  - (C) A shroud that is attached to, or partially or completely encircles, the barrel that allows the bearer to fire the weapon without burning his or her hand, except a slide that encloses the barrel.
  - (D) The capacity to accept a detachable magazine at some location outside of the pistol grip.
- (5) A semiautomatic pistol with a fixed magazine that has the capacity to accept more than 10 rounds.

**Shotguns**

- (6) A semiautomatic shotgun that has both of the following:
- (A) A folding or telescoping stock.
  - (B) A pistol grip that protrudes conspicuously beneath the action of the weapon, thumbhole stock, or vertical handgrip.
- (7) A semiautomatic shotgun that has the ability to accept a detachable magazine.
- (8) Any shotgun with a revolving cylinder.

# LARGE CAPACITY MAGAZINES

**Large Capacity Magazine Restrictions and Exemptions (Penal Code Section 12020)**

A large capacity magazine is defined as "any ammunition feeding device with a capacity to accept more than 10 rounds but shall not be construed to include a feeding device that is permanently altered so that it cannot accommodate more than 10 rounds nor shall it include any .22 caliber tube ammunition feeding device (or, effective January 1, 2002, a tubular magazine contained in a lever-action firearm)." It is important to understand that a large capacity feeding device may be detachable or fixed, and includes any tube ammunition feeding device (other than .22 caliber or, effective January 1, 2002, a tubular magazine contained in a lever-action firearm) that can accommodate more than 10 rounds. A large capacity magazine also includes linked ammunition with more than 10 rounds linked together or an ammunition belt with the capacity to accept more than 10 rounds.

**74** Possession of large capacity magazines, whether by peace officers or private citizens, is not controlled.

The manufacturing, importation into the state, offering for sale, keeping for sale, exposing for sale, giving, and lending of a large capacity magazine is controlled. No person may participate in these activities without a permit issued by the Department of Justice. For exceptions, see Penal Code §§12020(b)(19)-(32).

Specified law enforcement agencies and their employees are exempt from these restrictions. These agencies and employees include any federal, state, county, city and county, or city, law enforcement agencies and employees of those agencies while discharging their official duties, whether on-duty or off-duty, where the use is authorized by the agency within the scope of their duties. This exemption includes the sale of, giving of, lending of, importation into the state, or purchase of any large capacity magazine.

Peace officers (distinct from law enforcement agencies) who are authorized to carry firearms in the course and scope of their duties are exempted. This exemption includes the sale to, lending to, purchase of, purchase by, receipt of, or importation into the state of large capacity magazines. For record keeping purposes, a peace officer who purchases large capacity magazines from a firearms dealer is required to provide that firearms dealer with a copy of his or her peace officer photo identification. In the event the magazine is stamped "RESTRICTED LAW ENFORCEMENT/GOVERNMENT USE ONLY," federal regulations require the law enforcement officer to provide the firearms dealer with: 1) A written statement from the officer, under penalty of perjury, that the magazine is being purchased for use in performing official duties and that it is not being acquired for personal use or for purposes of transfer or resale; and 2) a written statement from a supervisor of the purchasing officer, stating under penalty of perjury that the officer is acquiring the magazine for use in official duties, that the magazine is suitable for use in performing official duties, and that the magazine is not being acquired for personal use or for purposes of transfer or resale.

75

Other allowances are made for firearms dealers; the loaning of large capacity magazines under specified conditions; the importation into the state of previously owned magazines by residents who lawfully possessed those magazines prior to January 1, 2000 and who lawfully took them out of the state; the repair of magazines; importation of large capacity magazine by permitted individuals; the armored car industry; manufacturing large capacity magazines for specified purposes; and prop masters (Penal Code §§ 12020(b)(21)-(32)).

*Punishment – Felony or Misdemeanor. (Penal Code § 12020(a)(2))*

*Law Enforcement Exemption – Agencies and sworn peace officers. (Penal Code §§ 12020(b)(19)-(20))*

## **Selected Recent Firearms-Related Legislation**

### Peace Officer Registration and Acquisition of Assault Weapons (Penal Code Section 12280(g))

Effective January 1, 2002, a peace officer member of the Department of Justice, police departments, sheriffs' offices, marshals' offices, the Youth and Adult Corrections Agency, the Department of the California Highway Patrol, district attorneys' offices, Department of Fish and Game, Department of Parks and Recreation, or the military or naval forces of this state or of the United States, or any federal law enforcement agency, who possesses or receives an assault weapon prior to January 1, 2002, may, with the authorization of his or her agency, retain and personally possess that firearm provided he or she registers it as an assault weapon with the Department of Justice on or before April 1, 2002. Such a peace officer may also, with the authorization of his or her agency, personally purchase or receive an assault weapon on or after January 1, 2002, provided he or she registers it as an assault weapon with the Department of Justice within 90 days after possession or receipt. Assault weapon registration forms are available from the Department of Justice and may be obtained by calling (916) 227-3694.

Acceptable agency authorization is defined as verifiable written certification from the head of the agency identifying the recipient or possessor of the assault weapon as a peace officer and authorizing him or her to receive or possess the specific assault weapon. The peace officer must include a copy of this authorization with the assault weapon registration.

### Large-Capacity Magazines (Penal Code Section 12020)

Effective January 1, 2002, tubular magazines contained in lever-action firearms are excluded from the definition of "large capacity magazine." This change removes statutory prohibitions against manufacturing, selling, giving, lending, etc., many "old west" style lever-action rifles.

Effective January 1, 2002, technical amendments to Penal Code section 12020 expressly allow properly licensed persons to manufacture large-capacity magazines. Prop masters may also purchase and loan large-capacity magazines.

### Criminal Storage of a Firearm (Penal Code Sections 12035 & 12036)

Effective January 1, 2002, the age under which persons are considered "children" for purposes of criminal storage of a firearm is increased from 16 years to 18 years. Any person guilty of criminal storage of a firearm is guilty of an additional misdemeanor and a fine of up to \$5,000 if the child took the firearm to a school or school-sponsored activity.

## Glossary

**Automatic firearm** - An automatic firearm continues to self-load and fire as long as the trigger is held back and a supply of ammunition is present. In an automatic firearm, one pull on the trigger may result in multiple shots being fired.

**Caliber** - The caliber of a firearm is the approximate diameter of the bore measured before rifling (or the diameter of a circle formed by the tops of the rifling lands).

**Flash suppressor** - Any device designed, intended, or that functions to perceptibly reduce or redirect muzzle flash from the shooter's field of vision.

**Forearm** - The forward portion of a two-part stock which is usually under the barrel.

**Magazine** - Any ammunition feeding device.

**Magazine, fixed** - A magazine which remains affixed to the firearm during loading. Frequently a fixed magazine is charged (loaded) from a clip (en bloc or stripper) of cartridges inserted through the open breech into the magazine.

**Magazine, detachable** - An ammunition feeding device that can be removed readily from the firearm with neither disassembly of the firearm action nor use of a tool being required. A bullet or ammunition cartridge is considered a tool. Ammunition feeding device includes any belted or linked ammunition, but does not include clips, en bloc clips, or stripper clips that load cartridges into the magazine.

**Pistol Grip, conspicuously protruding** - A grip that allows for a pistol style grasp in which the web of the trigger hand (between the thumb and index finger) can be placed below the top of the exposed portion of the trigger while firing.

**Pistol Grip, forward** - A grip that allows for a pistol style grasp forward of the trigger.

**Receiver** - The basic unit of a firearm which houses the firing and breech mechanism and to which the barrel and stock are assembled. The receiver may consist of two sections. In some autoloading pistols and other firearms, the terms receiver and frame are used interchangeably.

**Receiver, lower** - In a receiver composed of two parts, the lower receiver usually contains the trigger and firing mechanism.

**Receiver, upper** - In a receiver composed of two parts, the upper receiver usually contains the barrel and breech mechanism.

**Semiautomatic firearm** - This refers to a firearm which is self-loading but not self-firing. A single pull on the trigger results in a single shot being fired.

**Stock** - The part of a rifle, carbine or shotgun to which the barrel assembly is attached and which provides a means for holding the weapon to the shoulder.

**Stock, collapsing** - A stock which is shortened by allowing one section to telescope into another.

**Stock, folding** - A stock which is hinged to the receiver to allow the stock to be folded next to the receiver to reduce the overall length of the firearm.

**Stock, thumbhole** - A stock with a hole that allows the thumb of the trigger hand to penetrate into or through the stock while firing.

### Combined Listing of Category 1 and Category 2 Assault Weapons

Italicized models are Category 1 and were required to be registered on or before March 31, 1992. Non-italicized models are Category 2 and were required to be registered with the Department of Justice on or before January 23, 2001. Category 3 assault weapons are not included in this listing.

RE: Public Record Act Requests- CALDOJ-072103-PG

COPY

Dear Mr. Michel:

Thank you for your letter of July 21, 2003, regarding your client's proposed Barrett 82A1 alternative "thumb hold" grip exemplar. The California Department of Justice, in light of the law, and the pistol grip and thumbhole stock regulatory definitions, has made the following observations:

**Pistol Grip Characteristic**

Penal Code section 12276.1 (a) (1), among other things, defines as assault weapons: "A semiautomatic, centerfire rifle that has the capacity to accept a detachable magazine and any one of the following:

- (A) A pistol grip that protrudes conspicuously beneath the action of the weapon.
- (B) A thumbhole stock.
- (C) A folding or telescoping stock.
- (D) A grenade launcher or flare launcher.
- (E) A flash suppressor.
- (F) A forward pistol grip."

11 CCR 978.20 (d) defines a pistol grip that protrudes conspicuously beneath the action of the weapon to mean, "...a grip that allows for a pistol style grasp in which the web of the trigger hand (between the thumb and index finger) can be placed below the top of the exposed portion of the trigger while firing."

A "pistol style grasp" allows the fingers to wrap firmly around the grip. The alternative Barrett 82A1 "thumb hold" exemplar cannot be considered an assault weapon pistol grip because the device allows only for the thumb, and not all the fingers, to grasp the device.

**Thumbhole Stock Characteristic**

Penal Code section 12276.1 (a) (1), among other things, defines as assault weapons: "A semiautomatic, centerfire rifle that has the capacity to accept a detachable magazine and any one of the following:

Mr. Michel  
December 17, 2003  
Page 2

- (A) A pistol grip that protrudes conspicuously beneath the action of the weapon.
- (B) A thumbhole stock.
- (C) A folding or telescoping stock.
- (D) A grenade launcher or flare launcher.
- (E) A flash suppressor.
- (F) A forward pistol grip."

II CCR 978.20 (c) defines a thumbhole stock as, "...a stock with a hole that allows the thumb of the trigger hand to penetrate into or through the stock while firing."

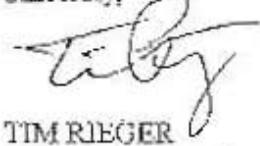

The Department has already articulated policy that features fixed or attached to the action of the weapon are differentiated from those attached to the stock, and do not necessarily constitute offending stock characteristics. In the case of the KCI Teck SU-16, because the weapon folds at the action and can not be fired when folded, the rifle does not feature an offending folding stock that would qualify this semiautomatic, centerfire rifle as an assault weapon.

Similarly, the Barrett 82A1 alternative "thumb hold" exemplar attaches to the action of the weapon and is not part of the stock. Thus, it would be inconsistent with existing policy to consider the exemplar a stock feature and is not, therefore, a "thumbhole stock."

#### Conclusion

The California Department of Justice opines that the Barrett 82A1 "thumb hold" exemplar does not fall within the regulatory definitions of thumbhole stock or pistol grip. As always, we remind you that other constitutional officers, including the 58 duly elected District Attorneys may have a difference of opinion, but we stand by our analysis and conclusion.

TIM RIEGER

1. What is considered an assault weapon under California law?

There are three categories of assault weapons under California law. The first category is firearms listed on the original Rohrabacher-Roos assault weapons list (Penal Code section 12276, subds. (a), (b), and (c)). The second category of assault weapons is AK and AR-15 style weapons, per (Penal Code sections 12276 (e) and (f)). The third category of assault weapons is defined by specific generic characteristics (PC section 12276.1, SB 23).

**2. What is the *Kasler v. Lockyer* California Supreme Court decision and what does it do?**

This court decision upholds the constitutionality of the Assault Weapons Control Act of 1989. As a result, the Department of Justice (DOJ) is obligated to enforce the statute with respect to identification of AK and AR-15 series weapons. These assault weapons are listed by the Department of Justice in the California Code of Regulations, Title 11, Chapter 12.9, Section 979.11 (11 CCR 979.11).

[Back To Top](#)

**3. What are AK and AR-15 series weapons and how are they controlled?**

Any firearm which is a variation, with minor differences, of the AK or AR-15 type (i.e., semi-automatic), regardless of manufacturer, is an assault weapon under the original Roberti-Rocco Assault Weapons Control Act of 1989. These assault weapons are listed by the Department of Justice in the California Code of Regulations, Title 11, Chapter 12.9, Section 979.11 (11 CCR 979.11).

**4. How is the 2000 assault weapons law (SB 23) affected by the *Kasler v. Lockyer* decision?**

The 2000 assault weapons law (SB 23) identified assault weapons by specific characteristics. Those weapons so defined must have been lawfully possessed on or before December 31, 1999 and registered on or before December 31, 2000. Penal Code section 12276, subdivisions (n) and (f), reaffirmed by the *Kasler v. Lockyer* decision, make AK and AR-15 series weapons unlawful for sale after August 15, 2000, even if their assault weapon characteristics are removed. Persons owning these weapons on this date were required to register them with the DOJ on or before January 23, 2001.

[Back To Top](#)

**5. Can assault weapons still be registered?**

The assault weapon registration period has ended. The DOJ is no longer accepting assault weapon registration forms.

**6. I already paid the Dealer's Record Of Sale (DROS) fee and went through a DOJ clearance check when I purchased the firearm. Does that satisfy the registration requirement?**

No. Under California law, no rifle or shotgun purchaser information may be retained by the DOJ. The DROS fee only covers the cost to determine whether or not a purchaser is prohibited from purchasing or possessing a firearm at the time of the transaction. Additionally, once eligibility has been verified, the DOJ is required by law to destroy all DROS information pertaining to long guns. The assault weapon registration period has ended. The DOJ is no longer accepting assault weapon registration forms.

(Penal Code section 12275 1, § 5 20 - This section of law may be accessed on the DOJ Bureau of Firearms Website's Online Dangerous Weapons Control Laws). **11. Can I take a registered assault weapon to a gunsmith for repairs?**

Yes. However, you cannot leave it with the gunsmith unless he or she holds a California Assault Weapons permit. Otherwise, you must remain with the firearm while it is being repaired. Top

**12. Can I inherit and keep a registered assault weapon?**

No. Pursuant to California Penal Code section 12285(h), any person who obtains title to a registered assault weapon by decedent or intestate succession shall, within 90 days, render the weapon permanently inoperable; sell the weapon to a licensed gun dealer who has a permit from the Department of Justice to purchase assault weapons, obtain a permit from the Department of Justice to possess assault weapons, or remove the weapon from this state.

**13. If I registered my SB 23 assault weapon and now I remove the characteristic(s) that make it an assault weapon, can I cancel the registration?**

Yes. If the defining characteristics establishing a firearm as an SB 23 assault weapon are removed, it is no longer an assault weapon and the registration may be canceled. However, once the registration is canceled, you can never replace the characteristic(s) that make it an assault weapon, or you will be in possession of an illegal weapon.

**THIS APPLIES ONLY TO FIREARMS DEFINED AS ASSAULT WEAPONS BY CHARACTERISTICS (Penal Code section 12276.1, SB 23). THIS DOES NOT APPLY TO ORIGINAL ROBERTI-ROOS ASSAULT WEAPONS OR AK AND AR-15 SERIES WEAPONS IN THAT REMOVAL OF THEIR CHARACTERISTICS DOES NOT NEGATE THE REQUIREMENT TO REGISTER THE ASSAULT WEAPON.**

Back To  
Top

**14. I want to keep my assault weapon defined by characteristics (PC section 12276.1, SB 23). What am I required to do?**

If you are still in possession of an unregistered assault weapon, you may not keep it. Your only option is to relinquish it to a law enforcement agency.

**15. I do not want to keep my assault weapon. What do I do?**

If you have an unregistered assault weapon, you must relinquish it to law enforcement.

If you have a registered assault weapon that you no longer want to keep, you have three options:

- a. Sell the weapon to a licensed gun dealer who has an assault weapons permit;
- b. Make arrangements with your local police or sheriff's office to relinquish your assault weapon. CALL FIRST. DO NOT GO TO THE POLICE OR SHERIFF'S OFFICE WITHOUT FIRST MAKING ARRANGEMENTS; or
- c. Remove the weapon from this state.

**16. If I did not register my assault weapon by the registration deadline, is there any way I can legally keep it?**

No. If you did not register your assault weapon prior to the registration deadline, you must relinquish that assault weapon to a law enforcement agency. Failure to relinquish your unregistered assault weapon could result in arrest and a felony conviction.

AMENDED IN ASSEMBLY JULY 14, 2011

AMENDED IN SENATE APRIL 25, 2011

**SENATE BILL.**

**No. 249**

**Introduced by Senator Yee**  
(Principal coauthor: Assembly Member Ma)

February 10, 2011

An act to add Section 4132 to the Food and Agricultural ~~and~~  
Section 31100 of, to amend, repeal, and add Section 30800 of, and to  
add Sections 30527 and 30618 to, the Penal Code, relating to district  
agricultural associations firearms.

LEGISLATIVE COUNSEL'S DIGEST

SB 249, as amended, Yee. District agricultural associations. — A District Agricultural Association facilities. Firearms: assault weapon conversion kits.

Existing law, with certain exceptions, prohibits the possession of an assault weapon, as defined, and makes violations subject to criminal penalties.

This bill would, commencing July 1, 2013, and with certain exceptions, prohibit any person from importing, making, selling, loaning, transferring, or possessing any conversion kit, as defined, designed to convert certain firearms with a fixed magazine into firearms with the capacity to accept a detachable magazine and other features making the firearm an assault weapon and would make violations subject to criminal penalties. By creating new crimes, this bill would impose a state-mandated local program.

Existing law makes possession of an assault weapon a public nuisance, authorizes the Attorney General, district attorney, or city attorney to bring a civil action to enjoin possession of the weapon, authorizes imposition of a civil fine, and, with certain exceptions, requires disposition of the weapon by sale at public auction or by destruction.

This bill would, commencing July 1, 2013, make possession of a conversion kit a public nuisance, would authorize a civil action to enjoin possession of a conversion kit, would authorize imposition of a civil fine, and, with certain exceptions, would, similarly, require disposition of the conversion kit.

Existing law authorizes a person to arrange in advance to relinquish an assault weapon to a police or sheriff's department.

This bill would authorize a person to arrange in advance to relinquish a conversion kit to a police or sheriff's department.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Existing law divides the state into district agricultural associations for the purposes of, among other things, holding fairs and expositions exhibiting all of the industries and industrial enterprises, resources, and products of every kind or nature of the state with a view toward improving, exploiting, encouraging, and stimulating those industries. Existing law provides that the +A District Agricultural Association governs the agricultural district that encompasses the County of San Mateo and the City and County of San Francisco.

This bill would require the +A District Agricultural Association, 30 days before final approval of the use of a facility that is owned or leased by the association by any exhibitor that is not a public entity, to submit to the City and County of San Francisco, the City of Daly City, and the San Mateo County Manager a complete and detailed written description of the proposed event, including a specified risk assessment. The bill would require the association to include in the contract with the exhibitor, or as an addendum to a contract, a provision requiring the exhibitor to assume all financial liability for the event. The bill would also require that the exhibitor reimburse the jurisdictions surrounding the facility for the actual costs of emergency services incurred as a result

of or caused by the event held at the facility. The bill would also require the association to enforce this bill by requiring a sufficient security bond or other guarantees from the exhibitor that are acceptable to the jurisdictions surrounding the facility and the board of the association.

Vote: majority Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.
