LU,
Defendants.

CASE NO.: 2:12-CR-00207 TLN

DEFENDANT EARLY REQUEST FOR
JUDICIAL NOTICE

FRE 201 et seq.
FRE 901 et seq.

Count #6 - Defendant EARLY

Before: Honorable Troy L. Nunley

Defendant EARLY requests that the Court take judicial notice of the following fact that twice the California Legislature attempted to Amend the California Penal Code to prevent Law Enforcement Officers from reselling any "off-roster" firearms that they had acquired through the exemption provided to them under the current state of law. This fact is relevant to show the state of mind of the defendants, and the general public that his practice, standing alone, is not a crime.

Attached are:

1. The governor's veto message for AB 2460.
2. AB 2460 as presented to the governor.
3. The governor's veto message for AB 169.

1 4. AB 169 as presented to governor.

2 Certified hard copies, bearing the seal for documents 1, 2 and 3 will be
3 brought to court. Document 4 could not be certified because it is “technically” still
4 subject to veto override by the legislature.
