Decl., of Los Angeles County UnderSheriff Paul Tanaka –
Thomson v. Torrance Police Department and the
Los Angeles County Sheriff's Department – Dkt #37-1,
Case # CV 11-06154 (SJO) (JCx), Judge Otero Presiding.....Exhibit "H"

EXHIBIT “A”

Because Nichols failed to make the case for a preliminary injunction, the district court's ruling was correct, and this Court should affirm that ruling.

STATEMENT OF THE CASE

In November 2011, Nichols filed the original complaint in this case in the U.S. District Court in Los Angeles, California. Nichols sought to enjoin enforcement of California Penal Code section 12031, which was recodified as California Penal Code section 25850 ("Section 25850"), effective January 1, 2012. In essence, Section 25850 bans the carrying of loaded firearms in public places and provides, in pertinent part, as follows:

(a) A person is guilty of carrying a loaded firearm when the person carries a loaded firearm on the person or in a vehicle while in any public place or on any public street in an incorporated city or in any public place or on any public street in a prohibited area of unincorporated territory.

(b) In order to determine whether or not a firearm is loaded for the purpose of enforcing this section, peace officers are authorized to examine any firearm carried by anyone on the person or in a vehicle while in any public place or on any public street in an incorporated city or prohibited area of an unincorporated territory.

Refusal to allow a peace officer to inspect a firearm pursuant to this section constitutes probable cause for arrest for violation of this section.

Nichols named as defendants not only the Attorney General but also Edmund G. Brown Jr., the Governor of California ("the Governor"), the City

1 Defendant Kamala D. Harris, Attorney General of the State of California (the
2 “Attorney General”), submits the following opposition to the April 10, 2013,
3 motion of Plaintiff Charles Nichols’s (“Nichols”) for a preliminary injunction in the
4 present case. Fed. R. Civ. P. 65(a).

SUMMARY OF OPPOSITION

6 Nichols, a *pro se* plaintiff, seeks a preliminary injunction that would halt
7 enforcement of three California firearms laws, effectively enabling Nichols and
8 other people to carry loaded or unloaded firearms openly in most public places in
9 California. These statutes are critical public-safety measures, and an injunction
10 preventing their enforcement would endanger law enforcement, the general public,
11 and gun owners such as Nichols. Because Nichols cannot satisfy *any* of the four
12 requisite elements that the Court must consider before granting him the relief that
13 he seeks, his motion for preliminary injunctive relief should be denied.

First, Nichols cannot show that the statutes (Cal. Penal Code §§ 25850, 26350 and 26400)¹ violate any right recognized under the Second Amendment to the U.S. Constitution to possess or to carry a firearm. The reasonable restrictions that California has placed on the open carry of firearms in public do not substantially burden Nichols's rights, and serve legitimate and rational public ends. And even if the Court were to subject the restrictions to heightened scrutiny, the statutes' constitutionality is supported by the strong public interest in restricting possession and display of weapons outside the home. Consequently, Nichols is unlikely to succeed in his quest to obtain a permanent injunction against laws that, in effect, ban public "open carry" in most circumstances. Because Nichols is unlikely to succeed on the merits, the Court should not preliminarily enjoin enforcement of the laws.

¹ Throughout this brief, references to “Section” shall mean California Penal Code section.

EXHIBIT “B”

and Chief Leonardi, but also Redondo Beach Police Officer Todd Heywood (“Officer Heywood”).

Once again, the various defendants, the Attorney General by herself and the Redondo Beach defendants as a group, moved to dismiss the case for lack of subject-matter jurisdiction. In March 2013, the district court partly granted and partly denied the dismissal motions. *Nichols v. Brown*, ___ F. Supp. 2d ___, 2013 WL 869675 (Mar. 3, 2013). The district court dismissed with prejudice Chief Leonardi and Officer Heywood.

Later in March 2013, Nichols filed a second amended complaint (SER000046-87), which is the operative – and, per the district court’s scheduling order, the last possible – complaint. SER0000324, ll. 3-5. This time, Nichols seeks to enjoin enforcement of not only Section 25850, Section 26155 (described above), and the two Redondo Beach ordinances, but also relatively new California Penal Code sections 26350 (“Section 26350”) and 26400 (“Section 26400”), which together, in essence, ban the carrying of *unloaded* firearms in public places, and provide in pertinent part:

[Section 26350] A person is guilty of openly carrying an unloaded handgun when that person carries upon his or her person an exposed and unloaded handgun outside a vehicle while in or on [any public place].

[Section 26400] A person is guilty of carrying an unloaded firearm that is not a handgun in an

**CALIFORNIA DEPARTMENT OF JUSTICE
BUREAU OF FIREARMS
FIREARMS PROHIBITING CATEGORIES**

State and federal law make it unlawful for certain persons to own and/or possess firearms, including:

- Any person who is convicted of a felony, or any offense enumerated in Penal Code sections 29900 or 29905
- Any person who is ordered to not possess firearms as a condition of probation or other court order listed in Penal Code section 29815, subdivisions (a) and (b)
- Any person who is convicted of a misdemeanor listed in Penal Code section 29805 (refer to List of Prohibiting Misdemeanors)
- Any person who is adjudged a ward of the juvenile court because he or she committed an offense listed in Welfare and Institutions Code section 707(b), an offense described in Penal Code section 1203.073(b), or any offense enumerated in Penal Code section 29805
- Any person who is subject to a temporary restraining order or an injunction issued pursuant to Code of Civil Procedure sections 527.6 or 527.8, a protective order as defined in Family Code section 6218, a protective order issued pursuant to Penal Code sections 136.2 or 646.91, or a protective order issued pursuant to Welfare and Institutions Code section 15657.03
- Any person who is found by a court to be a danger to himself, herself, or others because of a mental illness
- Any person who is found by a court to be mentally incompetent to stand trial
- Any person who is found by a court to be not guilty by reason of insanity
- Any person who is adjudicated to be a mentally disordered sex offender
- Any person who is placed on a conservatorship because he or she is gravely disabled as a result of a mental disorder, or an impairment by chronic alcoholism
- Any person who communicates a threat to a licensed psychotherapist against a reasonably identifiable victim, that has been reported by the psychotherapist to law enforcement
- Any person who is taken into custody as a danger to self or others under Welfare and Institutions Code section 5150, assessed under Welfare and Institutions Code section 5151, and admitted to a mental health facility under Welfare and Institutions Code sections 5151, 5152, or certified under Welfare and Institutions Code sections 5250, 5260, and 5270.15
- Any person who is addicted to the use of narcotics (state and federal)
- Any person who is under indictment or information in any court for a crime punishable by imprisonment for a term exceeding one year (federal)
- Any person who has been discharged from the military under dishonorable conditions (federal)
- Any person who is an illegal alien (federal)
- Any person who has renounced his or her US Citizenship (federal)
- Any person who is a fugitive from justice (federal)

**CALIFORNIA DEPARTMENT OF JUSTICE
BUREAU OF FIREARMS
FIREARMS PROHIBITING CATEGORIES**

Firearm prohibitions for misdemeanor violations of the offenses listed below are generally for ten years from the date of conviction, but the duration of each prohibition may vary. All statutory references are to the California Penal Code, unless otherwise indicated.

- Threatening public officers, employees, and school officials (Pen. Code, § 71.)
- Threatening certain public officers, appointees, judges, staff or their families with the intent and apparent ability to carry out the threat (Pen. Code, § 76.)
- Intimidating witnesses or victims (Pen. Code, § 136.1.)
- Possessing a deadly weapon with the intent to intimidate a witness (Pen. Code, § 136.5.)
- Threatening witnesses, victims, or informants (Pen. Code, § 140.)
- Attempting to remove or take a firearm from the person or immediate presence of a public or peace officer (Pen. Code, § 148(d).)
- Unauthorized possession of a weapon in a courtroom, courthouse, or court building, or at a public meeting (Pen. Code, § 171(b).)
- Bringing into or possessing a loaded firearm within the state capitol, legislative offices, etc. (Pen. Code, § 171(c).)
- Taking into or possessing loaded firearms within the Governor's Mansion or residence of other constitutional officers (Pen. Code, 171(d).)
- Supplying, selling or giving possession of a firearm to a person for participation in criminal street gangs (Pen. Code, § 186.28.)
- Assault (Pen. Code, §§ 240, 241.)
- Battery (Pen. Code, §§ 242, 243.)
- Sexual Battery (Pen. Code, § 243.4)
- Assault with a stun gun or taser weapon (Pen. Code, § 244.5.)
- Assault with a deadly weapon other than a firearm, or with force likely to produce great bodily injury (Pen. Code, § 245.)
- Assault with a deadly weapon or instrument; by any means likely to produce great bodily injury or with a stun gun or taser on a school employee engaged in performance of duties (Pen. Code, § 245.5.)
- Discharging a firearm in a grossly negligent manner (Pen. Code, § 246.3.)
- Shooting at an unoccupied aircraft, motor vehicle, or uninhabited building or dwelling house (Pen. Code, § 247.)
- Inflicting corporal injury on a spouse or significant other (Pen. Code, § 273.5.)*
- Wilfully violating a domestic protective order (Pen. Code, § 273.6.)
- Drawing, exhibiting, or using deadly weapon other than a firearm (Pen. Code, § 417, subd. (a)(1) & (a)(2).)
- Inflicting serious bodily injury as a result of brandishing (Pen. Code, § 417.6.)
- Making threats to commit a crime which will result in death or great bodily injury to another person (Pen. Code, § 422.)
- Bringing into or possessing firearms upon or within public schools and grounds (Pen. Code, § 626.9.)
- Stalking (Pen. Code, § 646.9.)
- Armed criminal action (Pen. Code, § 25800.)
- Possessing a deadly weapon with intent to commit an assault (Pen. Code, § 17500.)
- Driver of any vehicle who knowingly permits another person to discharge a firearm from the vehicle or any person who willfully and maliciously discharges a firearm from a motor vehicle (Pen. Code, § 26100, subd. (b) or (d).)
- Criminal possession of a firearm (Pen. Code, § 25300.)
- Firearms dealer who sells, transfers or gives possession of any firearm to a minor or a handgun to a person under 21 (Pen. Code, § 27510.)
- Various violations involving sales and transfers of firearms (Pen. Code, § 27590, subd. (c).)
- Person or corporation who sells any concealable firearm to any minor (former Pen. Code, § 12100, subd. (a).)
- Unauthorized possession/transportation of a machine gun (Pen. Code, § 32625)
- Possession of ammunition designed to penetrate metal or armor (Pen. Code, § 30315.)
- Carrying a concealed or loaded firearm or other deadly weapon or wearing a peace officer uniform while picketing (Pen. Code, §§ 830.95, subd. (a), 17510, subd. (a).)
- Bringing firearm related contraband into juvenile hall (Welf. & Inst. Code, § 871.5.)
- Bringing firearm related contraband into a youth authority institution (Welf. & Inst. Code, § 1001.5.)
- Purchase, possession, or receipt of a firearm or deadly weapon by a person receiving in-patient treatment for a mental disorder, or by a person who has communicated to a licensed psychotherapist a serious threat of physical violence against an identifiable victim (Welf. & Inst. Code, § 8100.)
- Providing a firearm or deadly weapon to a person described in Welfare and Institutions Code sections 8100 or 8103 (Welf. & Inst. Code, § 8101.)
- Purchase, possession, or receipt of a firearm or deadly weapon by a person who has been adjudicated to be a mentally disordered sex offender or found to be mentally incompetent to stand trial, or not guilty by reason of insanity, and individuals placed under conservatorship (Welf. & Inst. Code, § 8103.)

The following misdemeanor convictions result in a lifetime prohibition:

- Assault with a firearm (Pen. Code, §§ 29800, subd. (a)(1), 23515, subd. (a).)
- Shooting at an inhabited or occupied dwelling house, building, vehicle, aircraft, housecar or camper (Pen. Code, §§ 246, 29800, subd. (a)(1), 17510, 23515, subd. (b).)
- Brandishing a firearm in presence of a peace officer (Pen. Code §§ 417, subd. (c), 23515, subd. (d), 29800, subd. (a)(1).)
- Two or more convictions of Penal Code section 417, subdivision (a)(2) (Pen. Code § 29800, subd. (a)(2).)

* A "misdemeanor crime of domestic violence" (18 U.S.C. §§ 921(a)(33)(A), 922(g)(9).)

Note: The Department of Justice provides this document for informational purposes only. This list may not be inclusive of all firearms prohibitions. For specific legal advice, please consult with an attorney licensed to practice law in California.

EXHIBIT “D”

Homicide in California 2011

KAMALA D. HARRIS, ATTORNEY GENERAL • CALIFORNIA DEPARTMENT OF JUSTICE

California Homicide Statistics for 2011

Homicide in California, 2011 contains information about the crime of homicide and its victims, as well as demographic data on persons arrested for homicide. Information about the number of persons sentenced to death, the number of peace officers killed in the line of duty, and justifiable homicide is also included. This report includes data for 2011 and prior years.

Homicide Crimes

There were 1,794 homicides reported in 2011. This number represents a 0.8 percent decrease from the 1,809 reported in 2010 and a 25.0 percent decrease from the 2,392 reported in 2002. (Table 1)

Over the last decade, the number of reported homicide crimes ranged from a high of 2,503 in 2005 to this year's low of 1,794. (Table 1)

This year's homicide clearance rate of 61.9 percent marks the first decrease in that figure since 2005. Over the last decade, the homicide clearance rate ranged from a low of 49.9 percent in 2005 to last year's high of 63.8 percent. (Table 28)

In 2011:

- 80.8 percent of homicide victims were male, 19.2 percent were female. (Table 5)
- Of the homicides where the victim's race/ethnicity was identified, 42.7 percent of victims were Hispanic, 27.4 percent were black, 22.4 percent were white, and 7.5

percent were categorized as "other." (Table 6)

- While the largest proportion of Hispanic and black victims were aged 18–29 (48.6 and 51.7 percent, respectively), over half (54.5 percent) of white victims were aged "40 and over." (Table 9).
- Of the homicides where location was reported, 35.3 percent occurred on the street or sidewalk; 24.1 percent in the victim's residence, and 13.5 percent in a residence other than the victim's. (Table 19)
- While the largest proportion of male victims (40.4 percent) were killed on the street or sidewalk, over half (51.2 percent) of the female victims were killed in their residence. (Table 19)
- When the victim-offender relationship was identified, the largest proportion of victims (44.3 percent) was killed by a friend or acquaintance. However, a greater percentage of black and Hispanic victims

were killed by a stranger than were white victims (45.7 and 40.5 vs. 26.1). (Table 12)

- Of the homicides where the weapon was identified, 70.0 percent involved a firearm. (Table 22)
- Among California's 35 counties with populations of 100,000 or more, San Joaquin County experienced the highest homicide rate (12.5); Marin County had the lowest rate (0.8). (Table 14)
- Of the homicides where the contributing circumstance was known, 32.1 percent were gang-related, 27.0 percent were the result of an unspecified argument, and 11.8 percent were domestic violence-related. (Table 24)

Arrests

There were 1,572 arrests for homicide in 2011. This number represents a 4.0 percent decrease from the 1,638 arrests in 2010 and a 15.7 percent decrease from the 1,864 arrests in 2002. (Table 29)

From 2002 to 2011, the overwhelming majority of homicide arrestees and victims were male. (Table 30 and Table 5)

From 2002 to 2011, the largest percentage of homicide arrestees and victims were Hispanic. (Table 31 and Table 6)

From 2002 to 2011, the largest percentage of homicide arrestees and victims were aged 18-29. (Table 32 and Table 7)

In 2011:

- 88.1 percent of homicide arrestees were male, 11.9 percent were female. (Table 30)
- 43.6 percent of homicide arrestees were Hispanic, 26.8 percent were black, 21.9 percent were white, and 7.6 percent were categorized as "other." (Table 31)
- 54.4 percent of homicide arrestees were aged 18-29, 19.0 percent were 40 years of age or older, 18.1 percent were aged 30-39, and 8.5 percent were under the age of 18. (Table 33)

Death Penalty Sentences

By the end of 2011, there were 724 persons under sentence of death in California. Of these, 10 were sentenced in 2011. Los Angeles County sentenced the largest number with 4. (Tables 35 and 36)

Peace Officers Killed in the Line of Duty

Since 2002, there have been 41 California peace officers feloniously killed in the line of duty. Two were killed in 2011. (Table 37)

Justifiable Homicides

In 2011, there were 136 justifiable homicides reported. Of these, 101 were committed by a peace officer and 35 were committed by a private citizen. (Table 39)

Rate.....	2.5	2.4	2.2	2.2	2.2	2.1	2.0	1.8	1.7	1.7	-32.0 -5.6

Notes: Rates are based on annual population estimates provided by the Demographic Research Unit, California Department of Finance.

Rates are calculated using the population for each subgroup shown; therefore, they will not add to the rate calculated for the total population.

Population breakdowns by gender will not add to total because of variations in population source data.

The "percent of population" category for male and female was calculated using the sum of the male and female populations.

¹ Beginning in 2004, population estimates are based on the 2000 Census. Previous population estimates are based on revisions of the 1990 Census. Readers are advised to exercise care in interpreting changes in percent and rate between decennial census samples.

² The "male" category includes homicide victims whose gender could not be determined: 2002 includes one.

Notes: Percentages may not add to 100.0 because of rounding.

Rates are based on annual population estimates provided by the Demographic Research Unit, California Department of Finance.

Rates are calculated using the population for each subgroup shown; therefore, they will not add to the rate calculated for the total population.

Population breakdowns by race/ethnic group will not add to total because of variations in population source data.

Dash indicates that the percent of population and rate for the "unknown" category cannot be calculated because there are no unknown race/ethnic group population data.

Dash may also indicate that a percent change is not calculated when the base number is less than 50.

The "percent of population" category for race/ethnic group was calculated using the sum of the race/ethnic group populations.

Beginning in 2004, population estimates are based on the 2000 Census. Previous population estimates are based on revisions of the 1990 Census.

Percent and rate between decennial census samples.

Beginning in 2004, the "other" category includes the new race/ethnic group of "multi-racial." The extent to which this new race/ethnic group effects other population estimates is not known.

Notes: Dash indicates that a rate is not computed when a county's population is less than 100,000 in a given year.

Rates are based on annual population estimates provided by the Demographic Research Unit, California Department of Finance.
Rates are calculated using the population for each county shown; therefore, they will not add to the rate calculated for the state.

Notes: Percentages may not add to 100.0 because of rounding.

Dash indicates that percent distributions are not calculated when the base number is less than 50.

¹ Includes domestic violence.

² Includes ex-husband, ex-wife, employer, employee, gang member, etc.

³ Includes "common-law" marriage partner.

⁴ Includes stepmother, stepfather, stepdaughter, and stepson.

Table 28
HOMICIDE CRIMES CLEARED, 2002-2011
Number Reported, Number Cleared, and Clearance Rate

Year(s)	Number of homicides reported	Number of homicides cleared	Clearance rate ¹
2011.....	1,794	1,110	61.9
2010.....	1,809	1,154	63.8
2009.....	1,970	1,248	63.4
2008.....	2,143	1,227	57.3
2007.....	2,258	1,208	53.5
2006.....	2,483	1,292	52.0
2005.....	2,503	1,249	49.9
2004.....	2,394	1,314	54.9
2003.....	2,402	1,323	55.1
2002.....	2,392	1,362	56.9

¹ A clearance rate is the percentage of crimes (homicides) reported that have been cleared. It is calculated by dividing the number of homicides cleared by the number of homicides reported. The result is multiplied by 100.

Source: Offender-Based Transaction Statistics, California Department of Justice (initial sentences) and California Appellate Project (total persons under sentence of death).

¹ Total persons under sentence of death on December 31 of each year.

Persons with multiple California death sentences are counted once.

² The increase in the total number of persons under sentence of death from year-to-year will *not* equal the number of initial sentences reported each year. This is because, in addition to initial sentences, persons may be resentenced to death, no longer under sentence of death because of execution or death by other causes, removed pending retrial, resentenced to a penalty less than death, or freed.

Table 36
PERSONS SENTENCED TO DEATH, 2011

Source: Population estimates were provided by the Demographic Research Unit,
California Department of Finance.

¹ Total population at risk, 10-69 years of age.

² Adult population at risk, 18-69 years of age.

³ Juvenile population at risk, 10-17 years of age.

Appendix 1

Data Characteristics and Known Limitations

HOMICIDE CRIMES

Homicide data are obtained from the Supplementary Homicide Report (SHR). The SHR is submitted monthly by California law enforcement agencies as part of the national Uniform Crime Reporting (UCR) system.

The number of reported homicide crimes represents known victims.

Per UCR definition, suicides, fetal deaths, traffic fatalities, accidental deaths, assaults to murder, and attempts to murder are not classified as criminal homicide and are not included in this report.

The findings of a court, coroner's inquest, etc., do not affect classifying or scoring of the SHR homicide counts.

Detailed data regarding the criminal homicide category are only as comprehensive as the information provided by contributing agencies.

Offender data (race/ethnicity, age, and gender) are based on law enforcement identification of the offender as a suspect.

Weapon – Reporting agencies report a complete description of the weapon and the ways in which the weapon was used. For example, if a bottle was used in the commission of a murder, the agency will state whether the person was killed by beating, cutting, or stabbing.

Relationship – The relationship reported is that of the victim to the offender. For example, if a wife is killed by her husband, the reported relationship is wife.

Circumstances – Statements of circumstances are based on information known to law enforcement. The reporting agency provides a brief statement as to the circumstances or precipitating events leading to the victim's death. If the killing occurred in conjunction with the commission of another felony such as a robbery or rape, the agency identifies the specific offense involved.

ARRESTS

Monthly Arrest and Citation Register (MACR)

Arrest data from the MACR reporting system are designed to collect the number of persons arrested.

If a person is arrested for multiple offenses, MACR selects only the most serious offense, based on the severity of possible punishment.

The subjectivity of the classification and labeling process must be considered in the analysis of race/ethnic group data.

Data Characteristics and Known Limitations (*continued*)

ADULT FELONY ARREST DISPOSITIONS Offender-Based Transaction Statistics (OBTS)

In 2002, Criminal Justice Statistics Center staff determined that a number of homicide arrests submitted to the Department of Justice's (DOJ) Automated Criminal History System (from which adult felony arrest disposition data are extracted) between 2000 and 2002 should have been submitted as arrests for attempted homicide. As a result, more homicide arrests were counted during these years than occurred. It should be noted that the DOJ has addressed this issue and that the exclusion of disposition data does not affect crime, arrest, death penalty, or other data included in this or past reports. When homicide disposition data are once again determined to be accurate, they will be included in this report.

POPULATION

Since 2004, the population estimates used to calculate rates have been based on revisions of the 2000 Census. Prior to 2003, these population estimates were based on revisions of the 1990 Census. Readers are advised to exercise care in interpreting changes in percent and rate between decennial census samples. In addition, the "other" population category now includes the Department of Finance's race/ethnic group of "multi-racial."

Appendix 2

Computational Formulas

ARREST RATE – An arrest rate describes the number of arrests made by law enforcement agencies per 100,000 total population or per 100,000 total population considered to be at-risk for arrest (10-69 years of age). The “at-risk” population can be further distinguished by adults at-risk (aged 18-69 years) and juveniles at-risk (aged 10-17 years). Regardless of the population used, all rates are calculated in the same manner. An arrest rate is calculated by dividing the number of reported arrests by the respective population. The result is multiplied by 100,000. For example, in 2011 there were 1,572 homicide arrests. The total population was 37,578,616 and the total population at-risk was 30,966,172. This equals a homicide arrest rate of 4.2 per 100,000 population and 5.1 per 100,000 population at-risk.

$$\frac{1,572}{37,578,616} = 0.000041832 \times 100,000 = 4.2 \text{ per 100,000 total population}$$

$$\frac{1,572}{30,966,172} = 0.00005077 \times 100,000 = 5.1 \text{ per 100,000 total population at-risk}$$

CLEARANCE RATE – A clearance rate is the percentage of crimes reported that have been cleared. A clearance rate is calculated by dividing the number of crimes cleared by the number of crimes reported. The result is multiplied by 100. For example, in 2011 there were 1,110 homicides cleared and 1,794 homicides reported. This equals a homicide clearance rate of 61.9 percent.

$$\frac{1,110}{1,794} = 0.618729097 \times 100 = 61.9 \text{ percent}$$

CRIME RATE – A crime rate describes the number of crimes reported to law enforcement agencies for every 100,000 persons within a population. A crime rate is calculated by dividing the number of reported crimes by the total population. The result is multiplied by 100,000. For example, in 2011 there were 1,794 homicides in California and the population was 37,578,616. This equals a homicide crime rate of 4.8 per 100,000 general population.

$$\frac{1,794}{37,578,616} = 0.0000477399 \times 100,000 = 4.8 \text{ per 100,000 population}$$

PERCENT CHANGE – A percent change describes a change in number or rate from one year to another. A percent change is calculated by subtracting base-year data from current-year data. The result is divided by base-year data and multiplied by 100. For example, in 2011 the homicide crime rate was 4.8. In 2002 the homicide crime rate was 6.8. The percent change in rate from 2002 to 2011 is a 29.4 percent decrease.

$$\frac{4.8 - 6.8}{6.8} = -0.294117647 \times 100 = -29.4 \text{ percent}$$

Note: When a series of rates are calculated using different populations, the rate calculated for the total will not be equal to the sum of the rates calculated for each subtotal. For example, the total arrest rate (calculated using the total at-risk population) will not equal the sum of the adult arrest rate (calculated using the adult at-risk population) and the juvenile arrest rate (calculated using the juvenile at-risk population).

Acknowledgments

The California Department of Justice is mandated by statute to submit an annual *Homicide in California* report to the Legislature. The department extends its appreciation to all the law enforcement agencies that provided complete and timely data. This report would not have been possible without their cooperation.

The role of the Criminal Justice Statistics Center is to:

- Collect, analyze, and report statistical data which provide valid measures of crime and the criminal justice process.
- Examine these data on an ongoing basis to better describe crime and the criminal justice system.
- Promote the responsible presentation and use of crime statistics.

CONCEALABLE FIREARMS CHARGES IN CALIFORNIA 2000-2003

INTRODUCTION

Prior to January 1, 2000, existing law generally provided that carrying a concealed or loaded firearm was punishable as a misdemeanor and, under certain circumstances, a felony. However, the Legislature determined that carrying a concealed or loaded firearm without being listed with the Department of Justice (DOJ) as the registered owner of the firearm is a serious crime and should be treated as such. Assembly Bill (AB) 491 (Scott, 1999) amended both Penal Code (PC) sections 12025 (carrying a concealed firearm) and 12031 (carrying a loaded firearm) to increase the number of circumstances when an offense could be charged. The following additional circumstances may be charged as either felonies or misdemeanors:

- When a person has both a firearm and unexpended ammunition in their immediate possession and that person is not listed with the DOJ as the registered owner of the firearm (PC 12025).
- When a person carries a loaded firearm on his/her person or in a vehicle on any public street and that person is not listed with the DOJ as the registered owner of the firearm (PC 12031).

AB 491 also amended PC sections 12025 and 12031 to require district attorneys to report specified information to the Attorney General about individuals charged with carrying a concealed or loaded firearm. This information includes the gender, race/ethnic group, and age of any person charged with a felony or misdemeanor under either PC sections 12025 or 12031 and any other offense charged in the same complaint or indictment. In addition, the Attorney General is required to compile these data and submit an annual report to the Legislature.

In response to AB 491, the DOJ developed the *Concealable Weapons Statistical System* to meet the new data collection and reporting requirements. Data collection and reporting began in 2000 after all district attorneys were notified by the DOJ of the reporting requirement.¹ District attorneys submit data in either electronic format, via the Legal Net, or in manual format.

MORE ➤

Existing law did not require the collection of information about individuals charged with either PC section 12025 or 12031 by the DOJ from district attorneys prior to the passage of AB 491; therefore, no standard (control group) exists against which information collected subsequent to the passage of AB 491 can be appropriately evaluated. That is, observations can be made about the data collected for the required period, but conclusions cannot be reached about the effect of the change in the law. For example, the proportion of total charges for both PC section 12025 and PC section 12031 that resulted in felony-level filings increased each year since 2000. However, AB 491 allowed specified additional circumstances (see first paragraph) to be charged as either felonies or misdemeanors; therefore, the increase in felony-level filings cannot be reasonably attributed to AB 491. With this in mind, the following summarizes the statewide data presented in the body of this report:

From 2000 through 2003:

- The proportion of total charges for both PC section 12025 and PC section 12031 resulting in felony-level filings increased each year since 2000.
- The vast majority of persons charged with either PC section 12025 or PC section 12031 were male.
- When charged with either PC section 12025 or PC section 12031, blacks were proportionately the most likely race/ethnic group to be filed on at the felony level; whites were proportionately the least likely race/ethnic group to be filed on at the felony level.
- When charged with either PC section 12025 or PC section 12031, persons aged 29 and younger were proportionately most likely to be filed on at the felony level; persons aged 30 and over were least likely.

Additional information is provided in the body of this report about those individuals charged under either PC section 12025 or 12031. This information is displayed by the level of charged offense, gender, race/ethnic group, and age of persons charged. Additional charges brought against persons charged with the primary offenses of PC sections 12025 or 12031 are also displayed. County-level data are available in the "Tables" section of this report.

It is important to note that demographic data refer to "individuals," however, some persons may have been arrested and charged with PC sections 12025 or 12031 more than once during the reporting period. Therefore, data presented represent the number of charges reported to the DOJ by district attorneys, not the number of individuals charged.

Prior editions of this publication described data by *fiscal* year. This final report describes data submitted to the DOJ by district attorneys for *calendar* years 2000 through 2003. The change from fiscal year to calendar year is based upon a determination that calendar year data would be the most appropriate and useful display of these data. Fiscal year data may be obtained upon request. It should also be noted that data files are updated when information is submitted by district attorneys; therefore, previously published data may not match counts on the current, ongoing data file.

¹ Pursuant to AB 491, the data collection and reporting requirement ends on January 1, 2005.

LEVEL OF CHARGED OFFENSE

**Table N-1
PC 12025
By Level of Charged Offense, 2000-2003**

Prior to January 1, 2000, existing law generally provided that carrying a concealed firearm was punishable as a misdemeanor and, under certain circumstances, a felony. In 1999, PC section 12025 was amended to increase the number of circumstances when an offense could be charged. The following additional circumstance may be charged as either a felony or a misdemeanor:

- When a person has both a firearm and unexpended ammunition in their immediate possession and that person is not listed with the DOJ as the registered owner of the firearm.

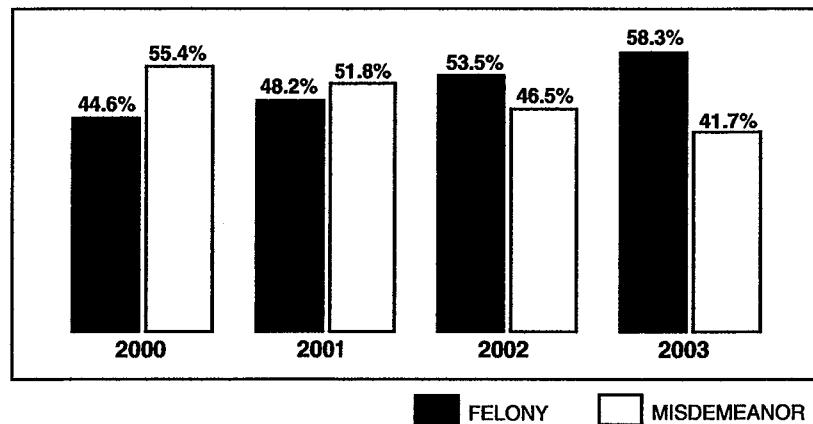

Comparing 2000 to 2003:

- The proportion of total charges for PC section 12025 resulting in felony-level filings increased 13.7 percentage points (from 44.6 percent to 58.3 percent); misdemeanor-level filings decreased identically.

Level of charged offense	2000 ^a		2001		2002		2003	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
Total	3,436	100.0	3,626	100.0	3,895	100.0	3,359	100.0
Felony ...	1,531	44.6	1,746	48.2	2,084	53.5	1,957	58.3
Misd	1,905	55.4	1,880	51.8	1,811	46.5	1,402	41.7

^a Please see "Appendix I - Data Characteristics and Known Limitations" for district attorneys unable to submit complete data for 2000.

Figure 4
PC 12025
Age of Person Charged
By Level of Charged Offense, 2000-2003

[FELONY] MISDEMEANOR

Comparing 2000 to 2003:

- The proportion of persons under age 18 charged with PC section 12025 resulting in felony-level filings increased 34.3 percentage points (from 51.3 percent to 85.6 percent); misdemeanor-level filings for this age group decreased identically.
- The proportion of persons aged 18-29 charged with PC section 12025 resulting in felony-level filings increased 11.9 percentage points (from 50.0 percent to 61.9 percent); misdemeanor-level filings for this age group decreased identically.
- The proportion of persons aged 30-39 charged with PC section 12025 resulting in felony-level filings increased 17.0 percentage points (from 42.7 percent to 59.7 percent); misdemeanor-level filings for this age group decreased identically.
- The proportion of persons aged 40 and over charged with PC section 12025 resulting in felony-level filings increased 6.5 percentage points (from 27.0 percent to 33.5 percent); misdemeanor-level filings for this age group decreased identically.

When charged with PC section 12025, persons under age 18 were proportionately most likely to be filed on at the felony level; persons aged 40 and over were least likely. This pattern exists throughout the period shown.

MORE ➤

LEVEL OF CHARGED OFFENSE

**Table N-7
PC 12031
By Level of Charged Offense, 2000-2003**

Prior to January 1, 2000, existing law generally provided that carrying a loaded firearm was punishable as a misdemeanor and, under certain circumstances, a felony. In 1999, PC section 12031 was amended to increase the number of circumstances when an offense could be charged. The following additional circumstance may be charged as either a felony or a misdemeanor:

- When a person carries a loaded firearm on his/her person or in a vehicle on any public street and that person is not listed with the DOJ as the registered owner of the firearm.

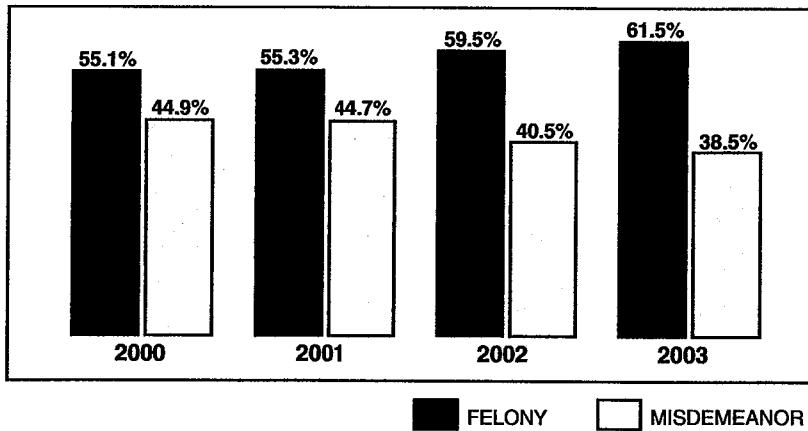

Comparing 2000 to 2003:

- The proportion of total charges for PC section 12031 resulting in felony-level filings increased 6.4 percentage points (from 55.1 percent to 61.5 percent); misdemeanor-level filings decreased identically.

Level of charged offense	2000 ^a		2001		2002		2003	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
Total	1,679	100.0	2,055	100.0	2,068	100.0	1,973	100.0
