CHARTER AMENDMENT NO. JJ. Shall Article VI, Section 12 of the Charter for the government of the City of Glendale be amended to provide council members shall not hold any city office or employment except as authorized by State Law or hold any compensated city office or employment until two years after leaving office as council member?

YES

NO

(New provisions or language added to the existing charter section are shown in **BLACKFACE type**, words and figures deleted from the existing charter section are shown in ~~Strikeout type~~.)

PROPOSED CHARTER AMENDMENT JJ

That the Charter of the City of Glendale be amended by amending Section 12 of Article VI thereof to read:

~~Article VI, Section 12, Councilmen ineligible to other city positions.~~

~~No members of the council shall be eligible to any office or employment, except an elective office, during the term for which he was elected.~~

Article VI, Section 12, Councilmembers holding other city offices.

A councilmember shall not hold any other City office or City employment except as authorized by State law or ordinarily necessary in the performance of the duties as a councilmember. No former councilmember shall hold any compensated City office or City employment until two years after leaving the office of councilmember.

ANALYSIS OF CHARTER AMENDMENT JJ

Councilpersons are not eligible for any office or employment except an elective office under present Charter. The legal interpretation has been that section refers to City employment only, although strict construction would be otherwise. Also, it is questionable whether councilpersons may be members of the Housing Authority or GRA, notwithstanding California statute to the contrary.

Proposed amendment will remove the aforesaid ambiguity.

FRANK R. MANZANO
City Attorney

ARGUMENT IN FAVOR OF PROPOSITION JJ

This amendment clarifies the language in the present Charter which leaves in question the right of a councilperson to be employed while on the Council. It clearly states that a council member may not hold another City office nor may a council member use his influence to obtain employment with the City until two years after leaving his council office.

ARGUMENT AGAINST PROPOSITION JJ

This two-year restriction against a dedicated, experienced ex-councilperson continuing to serve the City of Glendale is without merit.

What truly valid reason could there be for the people of the city to handicap themselves by having to wait two years to receive the services of someone who may be needed "right now?"

Couldn't an attorney who has had four or more years on the council become a most valuable part of the legal department? Perhaps even the manager?

Couldn't a doctor work for the public health as an employee?

Why not even a city manager, if the office was available?

With no logical reason for the City to limit its own freedom by this proposed change, vote "no" and give it every possible advantage to secure the best talent available.

It shall be the duty of the director of administrative services to make such endorsement upon every such contract or order so presented to him if there remains unexpended and unapplied the said estimated amount in any appropriation fund or tax levy, or other estimated revenue applicable thereto, and thereafter he shall hold and retain the said amount to pay the expense to be incurred under said order or contract until the same is fully performed and expense paid.

All demands against the city shall, before being paid, be presented to and approved by the proper commission or officer, as herein provided. Demands for which no appropriation has been made shall be presented to the council; and all other demands shall be presented to the city manager; provided that any person dissatisfied with the refusal of the city manager to approve any demand, in whole or in part, may present the same to the council, and

the approval of such demand by the council shall have the same effect as its approval by the city manager; and provided further, that if the council shall provide for a park, playground and recreation center commission, a social service commission, or a city planning commission, it may make provision for the presentation to and approval by any such commission of demands for liabilities incurred by it. The council by ordinance may provide for petty cash funds for payment in cash, of expenditures provided for in the budgets that cannot conveniently and economically be paid otherwise. When making demands for the replenishment of the same, the persons entrusted with the funds shall account for all disbursements, and the amounts so expended shall thereupon be charged against the proper appropriations. (1921; 1953; 1959.)

Editor's Note: The catchline of this section originally read as follows: "Presentation of demands."

All demands approved by the proper board, commission or officer shall be presented to the director of administrative services, who shall examine the same; and if the amount thereof is legally due and there remains on his books an unexhausted balance or an appropriation against which the same may be charged, he shall approve such demand and draw and sign his warrant on the treasurer therefor, payable out of the proper fund. Objections of the director of administrative services to any demand may be overruled by the council, and the director of administrative services shall thereupon draw his warrant as directed by the council. No action shall be brought on any claim or demand for money or damages against the city or any board, commission or officer thereof, until a demand for the same has been presented as provided in this Charter or by ordinance and rejected in whole or in part. If rejected in part, action may be brought to recover the whole. Nor shall any action be brought upon any such demand that has been approved in whole, as herein or by ordinance provided, but nothing herein contained shall prevent the holder of any demand for resorting to proceedings to compel any officer, board, or commission to act upon a demand or to pay a demand that has been properly allowed.

* It was held in the case of *Kelso v. Board of Education of City of Glendale et al.*, 42 Cal. App. (2d) 418, 109 P. (2d) 30, that the provisions of this section are not applicable to claims against the school district.

In the case of *Slavin v. City of Glendale et al.*, 97 Cal. App. (2d) 408, 217 P. (2d) 984, which was an action against the City of Glendale and others for assault and battery committed by police officers of the city, it was held that such action was barred by plaintiff's failure to file a claim at any time and that the city was not estopped from raising this defense.

In the case of *Klimper v. City of Glendale et al.*, 99 Cal App. (2d) 451, 222 P. (2d) 49, it was held that presentation of a written verified claim, as required by Charter and ordinance, was a condition precedent to maintaining an action against the defendant city or an officer thereof upon a claim for damages founded in tort, and that the defendant city and its officers were not estopped from relying on plaintiff's failure to present any claim.

As to state claims law, see Gov. C., § 710 et seq.

Editor's Note: The catchline of this section originally read as follows: "Actions against city."

Sec. 6. Fiscal year; proposed budgets and estimates of revenues and expenditures generally.

The classification of the estimates of expenditures shall be as nearly uniform as possible for all departments, and shall give the following information:

1. A detailed estimate of the expenses of each department;
2. Expenditures for corresponding items for the last and for the current fiscal years, including adjustments due to transfers between appropriations plus an estimate of expenditures necessary to complete the current fiscal year;
3. Such information as may be required by the council or as the manager may deem advisable to submit;
4. The recommendation of the manager as to the amounts to be appropriated, with reasons therefor, in such detail as the council may direct. Sufficient copies of such proposed budgets shall be prepared and submitted, that there may be copies on file in the office of the clerk for the inspection by the public and one (1) copy of each budget furnished each member of the council. The council shall have power to revise, correct or modify proposed budgets in any particular.

Editor's Note: The catchline of this section originally read as follows: "Estimate and budgets."

Sec. 7. Hearing on proposed budgets; modification and adoption of budgets.

After considering said proposed budgets, the council shall fix a time for holding a public hearing upon the same and shall publish a notice of the time fixed for said hearing once in a newspaper of general circulation at least ten (10) days before the time for the hearing. After said hearing the council may further correct or modify said proposed budget and shall by resolution, adopt a Glendale Water and Power budget and a general budget. Such resolution shall operate as an appropriation of funds to the amounts and for the purposes set forth in the budgets so adopted.

Editor's Note: The catchline of this section originally read as follows: "Appropriations."

Sec. 8. Transfer of unused balances; appropriation of available revenues not included in annual budget.

At any meeting after the adoption of the budget or budgets, the council, by a vote of three (3) members may amend or supplement such budget or budgets, so as to authorize the transfer of unused balances appropriated for one purpose to another purpose, or to appropriate available revenues not included in the annual budget.

Editor's Note: The catchline of this section originally read as follows: "Transfer of appropriations."

Sec. 9. Authority of council to provide for system of taxation; tax liens; authority of council to designate assessor and tax collector.

The council shall have power by ordinance, to provide a system for the assessment, levy, and collection of all city taxes, which system shall conform as nearly as may be to the general laws of this state, provided for the assessment, levy and collection of county taxes. All taxes levied, together with any penalties imposed for delinquency and the cost of collection, shall constitute liens on the property assessed and every tax upon personal property shall

be a lien upon the real property of the owner thereof. The said liens shall attach as of the first Monday of March of each year. The council may provide that the city clerk shall be ex officio assessor and that the city treasurer or other officer selected by them, shall be ex officio tax collector.

Editor's Note: The catchline of this section originally read as follows: "Taxation."

Sec. 10. Assessment, collection, etc., of taxes by officers of County of Los Angeles.

The council shall have power by ordinance to authorize the transfer to and the assumption and discharge by officers of the County of Los Angeles, of any function of the city relating to the assessment of property for taxation, the equalization of such assessment, the collection of taxes levied for municipal purposes, the collection of assessments levied for local improvements, the sale of property for nonpayment of assessments levied for local improvements, and the redemption of property from sales for either of said purposes, and may repeal any such ordinances.

Until the council shall otherwise provide, the ordinance of said City of Glendale now in effect providing that the duties of assessing property and collecting taxes provided by law to be performed by the assessor and the tax collector of the City of Glendale, shall be performed by the county assessor and the county tax collector of the County of Los Angeles, shall remain in full force and effect. During the time that said present ordinance, or any other ordinance passed by the council in pursuance of this section for the same purpose, shall be in effect, the mode and manner of assessing property for purposes of municipal taxation, the equalization of such assessments, the levying and collecting of taxes for municipal purposes, the nature of the lien therefor and the manner and method of enforcing the same and of the redemption of property sold for nonpayment of taxes, and all proceedings relating to said matters, shall be substantially the same as may be provided by law for such matters in relation to county taxes of the County of Los Angeles, so far as

applicable, unless the council shall provide otherwise by ordinance.

During the time that the functions of the city, relating to the assessment and collection of city taxes, are being discharged by the officers of the County of Los Angeles, the offices of city assessor and city tax collector shall be deemed suspended and no person shall fill the same, nor shall any salary attach thereto, and all duties of said offices other than the assessment and collection of taxes shall be transferred to and performed by such officers as the council shall by ordinance determine.

Sec. 11. Tax rate; special taxes generally; additional annual taxes.*

The total tax rate for any one (1) year shall not exceed one (1) percent of the assessed valuation, unless a special tax be authorized, as provided in this Charter; and the proceeds of any such special tax shall be used for no other purpose than that specified for which it was voted; provided, however, that in addition to said one (1) percent, there shall be included in every annual levy, a sufficient amount to cover all liabilities of the city for principal and interest of all bonds or judgments due and unpaid or to become due during the ensuing fiscal year and not otherwise provided for; provided, further, that in addition to the taxes above mentioned there shall be levied a tax not exceeding fifteen cents (\$.15) on each one hundred dollars (\$100.00) of the assessed valuation for the library fund; provided, further, that in addition to the taxes above mentioned, the council may levy a tax not exceeding fifteen cents (\$.15) on each one hundred dollars (\$100.00) of assessed valuation for parks, playgrounds and recreation centers; provided, further, that in addition to the taxes above mentioned, there shall be levied a tax not exceeding fifteen cents (\$.15) on each one hundred dollars (\$100.00) of the assessed valuation for the fire and police retirement system. If the council shall fail to fix the tax rate at the proper time, the rate for the preceding fiscal year shall be adopted and used. (1921; 1931; 1937.)

* This section of the Charter was construed in the case of City of Glendale v. Haak, City Controller, 62 Cal. App. (2d) 426, 144 P. (2d) 866, in which case it was held that appropriations from the general reserve fund may be made for parks and libraries in excess of the amount of the special tax that may be levied for such parks and libraries.

Editor's Note: The catchline of this section originally read as follows: "Tax rate."

The provision relative to the fire and police retirement system has been superseded by the city's participation in the state employees' retirement system. See Charter, Art. XXV, § 1.

Sec. 12. Special taxes and bonds.*

Whenever the council shall determine that the public interest demands an expenditure for municipal purposes, which cannot be provided for out of the ordinary revenue of the city, it may submit to the qualified voters at a regular or special election, a proposition to provide for such expenditure, either by levying a special tax, or by issuing bonds, but no such special tax shall be levied nor any such bonds issued, unless authorized by the affirmative votes of two-thirds (2/3) of the electors voting on the proposition at such election. No bonds shall be issued to meet current expenses.

The proceedings for the voting and issuing of bonds of the city shall be had in such a manner and form and under such conditions as shall be provided from time to time by general law. (1959.)

* It was held in the cases of City of Glendale v. Crescenta Mutual Water Co., 135 Cal. App. (2d) 784, 288 P. (2d) 105, and City of Glendale v. Trondsen, et al., 48 A. C. 91, 308 P. (2d) 1, that the term "special tax" refers only to property taxes.

Sec. 13. Limit on bonded indebtedness.

The total bonded debt of the city shall at no time exceed a total of fifteen (15) percent of the assessed valuation of all property taxable for city purposes.

Sec. 14. General budget fund.*

A fund to be known as the general budget fund is hereby created. All receipts from the general tax levy, licenses, fines, permits, and interest on bank deposits, and all other receipts except those from the department of Glendale Water and Power, and those which are collected for a specific purpose, or are herein ordered to be credited to some other

fund, shall be credited to said fund, and all disbursements, on account of general budget appropriations, excepting such appropriations as are payable out of special funds, shall be charged to said general budget fund. The credit balance, if any, in said general budget fund, at the end of any fiscal year, the amount of which is in excess of the amount of all outstanding demands and liabilities unpaid on account of general budget appropriations for said fiscal year, shall be transferred to the general reserve fund.

* It was held in the case of *Marr v. Southern California Gas Co.*, et al., 198 Cal. 278, 245 P. 179, that interest received on money from the sale of assessment bonds pending action to test validity of assessment may be paid into the general fund of the city. In the case of *City of Glendale v. Crescenta Mutual Water Co.*, 135 Cal. App. (2d) 784, 288 P. (2d) 105, it was held that receipts from an excise tax on use of water need not be credited to the general budget fund, since the collection was for a specific purpose, i.e., payments to the Metropolitan Water District in lieu of the ad valorem taxation.

Sec. 15. General reserve fund.

The council shall maintain the permanent revolving fund now established and known as the general reserve fund, for the purpose of keeping the payment of the running expenses of the city on a cash basis. Said fund shall be maintained in an amount sufficient to meet all legal demands against the treasury for the period of each fiscal year prior to the collection of ad valorem taxes. The council shall have power to transfer from the general reserve fund to any fund or funds, such sum or sums as may be required for the purpose of placing such fund or funds, as nearly as possible, on a cash basis. It shall be the duty of the council to provide that all money so transferred from the general reserve fund be returned thereto on or before the end of the fiscal year in which said transfers are made; provided, that in any fiscal year in which the total balance in said general reserve fund exceeds fifty (50) percent of the total amount of the anticipated ad valorem tax receipts for that year, the council may appropriate such excess for any city purpose without returning the same. (1921; 1949.)

Sec. 16. Appropriations and expenditures for entertaining, advertising, etc.

The council may appropriate and spend money from the funds of the city for any or all of the following purposes: Reception and entertainment of public guests, assistance of public celebrations, fairs and exhibitions, to aid or carry on the work of inducing immigration to the city, to exhibit manufactured and other products of the city; and generally, for the purpose of advertising the city; provided, however, that the aggregate expenditures for all of said purposes shall not exceed in one (1) fiscal year the sum of two cents (\$0.02) on each one hundred dollars (\$100.00) of the assessed value of property within the city.

Editor's Note: The catchline of this section originally read as follows: "Entertainments."

Sec. 17. Waterworks depreciation fund; electric works depreciation fund.*

The council shall annually set aside from the income of the department of Glendale Water and Power derived from the waterworks of the city and paid into the waterworks revenue fund, a fund which, according to the estimates of the city manager, shall be sufficient to meet the normal depreciation of such waterworks. It shall also annually set aside from the income of the department of Glendale Water and Power derived from the electric works of the city and paid into the electric works revenue fund, a fund which, according to the estimates of the city manager, shall be sufficient to meet the normal depreciation of such electric works. Each of such funds shall be used only for the repair, replacement, betterment and extensions of the plants and equipment of the waterworks or electric works, as the case may be, from which said revenue is derived. Nothing herein contained shall limit the right to vote and issue bonds of the city for said purposes or any thereof or to issue revenue bonds of said city for said purposes or any thereof. (1921; 1931; 1941; 1949.)

* In connection with this section, see Charter, Art. XXVI, § 5.

Editor's Note: The catchline of this section originally read as follows: "Depreciation funds."

Sec. 18. Special deposit fund.

There is hereby created a fund to be known as the special deposit fund, wherein shall be deposited all moneys received by the city, or any department, officer or board thereof, for the purpose of guaranteeing the payment of any costs, charges, or damages accruing or liable to accrue, to the city from the depositor and all moneys deposited as bail to secure the liberation of a person accused of a public offense, and all moneys required to be deposited for the purpose of indemnifying persons whose property is in danger of being damaged or destroyed by the operation of the depositor. The money so deposited may be returned to the depositor, should he become entitled to the return thereof, in such manner as the council may, by ordinance, prescribe, or upon default being made in the payment of such costs, charges, or damages, or in the performance of any of such conditions, acts or things, may be declared forfeited in whole or in part and be disposed of as the council may direct.

Sec. 19. General service fund.

The council shall maintain the permanent revolving fund now established and known as the general service fund. All expenditures for lot cleaning, for engineering, and other incidental expenses in connection with street opening and improvement proceedings and all other expenditures which are in the nature of advancements by the city and are to be repaid to the city, shall be charged to said fund. All receipts on account of the matters above mentioned shall be credited to said general service fund from the special fund created for such proceedings, if any, when available therein. All amounts expended for purchase of general supplies, which for any reason cannot be charged directly to the account or accounts for which such supplies are purchased, shall be charged against said general service fund, and when said supplies are used by the various departments, the cost thereof shall be charged against

the proper fund and credited to said general service fund.

Sec. 20. Waterworks revenue fund; electric works revenue fund.

All receipts by the department of Glendale Water and Power from the sale of water or otherwise derived from the waterworks of the city shall be credited to a fund hereby created to be known as the waterworks revenue fund. All receipts by the department of Glendale Water and Power from the sale of electric energy or otherwise derived from the electric works of the city shall be credited to a fund hereby created to be known as the electric works revenue fund. All disbursements (except those payable from the waterworks depreciation fund) provided in the Glendale Water and Power budget on account of said waterworks shall be charged to said waterworks revenue fund and all disbursements (except those payable from the electric works depreciation fund) provided in said budget on account of the electric works shall be charged to said electric works revenue fund. The credit balance, if any, or any part thereof, in each of said funds at the end of any fiscal year, the amount of which is in excess of the amount of all outstanding demands and liabilities unpaid from said fund on account of budget appropriations therefrom, shall be transferred to the Glendale Water and Power surplus fund.

Editor's Note: The catchline of this section originally read as follows: "Revenue funds."

Sec. 21. Glendale Water and Power sinking fund.*

For the payment of principal and interest of all Glendale city or municipal improvement district bonds heretofore issued for the acquisition, improvement or extension of waterworks or electric works operated by the city, the council shall transfer from time to time from the waterworks revenue fund or the electric works revenue fund, or both thereof, to the Glendale Water and Power sinking fund a sufficient amount each year to cover the total amount of payments falling due that year for princi-

pal and interest of said bonds. Nothing in this section shall impair the power of the council to levy such taxes as may be necessary to provide for the payment of interest and principal of such bonds, or the power of the council to pay from the waterworks revenue fund the principal and interest of any general obligation bonds of the city hereafter issued for waterworks purposes or to pay from the electric works revenue fund the principal and interest of any general obligation bonds of the city hereafter issued for electric works purposes.

* In connection with this section, see Charter, Art. XXVI, § 5.

Sec. 22. Glendale Water and Power surplus fund—Generally.*

A fund to be known as the Glendale Water and Power surplus fund is hereby created, to which fund shall be credited from the receipts of the department of Glendale Water and Power in the waterworks revenue fund and the electric works revenue fund, any amounts in excess of the requirements of the several funds as hereinbefore set forth. Except as otherwise provided in this section, disbursements from said Glendale Water and Power surplus fund may be made by the council by special appropriation for waterworks or electric works purposes only, which shall include payment of all or any portion of the tax of the Metropolitan Water District of Southern California, or its successors in interest, which the council may elect to pay out of the funds of the City of Glendale.

At the end of each fiscal year an amount equal to twenty-five (25) percentum of the operating revenues of the department of Glendale Water and Power for such year, excluding receipts from water or power supplied to other cities or utilities at wholesale rates, shall be transferred from said Glendale Water and Power surplus fund to the general reserve fund; provided, that the council may annually, at or before the time for adopting the general budget for the ensuing fiscal year, reduce said amount or wholly waive such transfer if, in its opinion, such reduction or waiver is necessary to insure the sound financial position of said department of

Glendale Water and Power and it shall so declare by resolution. (1921; 1931; 1941; 1946; 1949.)

* In connection with this section, see Charter, Art. XXVI, § 5. It was held in the case of *City of Glendale v. Crescenta Mutual Water Co.*, 135 Cal App. (2d) 784, 288 P. (2d) 105, that the council has discretion to pay all or a portion of the payments to the Metropolitan Water District from the public service surplus fund in lieu of the ad valorem tax of the district.

Editor's Note: This section was repealed in 1957. It formerly dealt with tenure of certain county employees stationed within territory proposed to be annexed to city.

Sec. 9. Procedure as to removal, suspension and reduction in rank.

Any person employed in the classified service may be removed, suspended or reduced in rank or grade after appointment or promotion is complete by the appointing agency, for cause, by an order in writing stating specifically the reasons therefor. Said order shall be filed with the commission and a copy thereof served upon the employee so removed, suspended or reduced. Any person so removed, suspended or reduced may, within five (5) days after presentation to him of a copy of the order of removal, suspension or reduction, appeal to the commission from such order. The commission or its authorized representative shall, within two (2) weeks after the filing of said appeal, commence a proceeding to fully hear and determine the matter. If an authorized representative of the commission hears the appeal, any proposed determination shall be presented to the commission with a report of the proceedings and the commission shall review the same and make its determination adopting or modifying or revoking the determination made by the authorized representative. The commission's determination shall be final. (1933; 1937; 1965.)

Sec. 9a. Leave of absence.

Upon the expiration of any leave of absence of a person in the classified service such person shall report for duty and thereupon be returned to the position from which such leave of absence was taken. All temporary employment caused by a leave of

absence shall be made from the appropriate eligible list. A leave of absence shall not constitute separation from the service. (1933; 1937.)

Sec. 9b. Abolishment of positions.

When a position in the classified service is abolished, the reduction and termination of all persons affected thereby shall be in accordance with the rules and regulations of the commission adopted for that purpose which shall follow as closely and practicable the reverse order of the lines of promotion and give credit according to seniority. (1959.)

Sec. 10. Procedure as to appointments.

The person or persons having authority of appointment shall notify the commission of any appointment made, and the commission shall certify such fact to the director of administrative services. The director of administrative services shall not approve any salary or compensation for services to any person holding or performing the duties of a position in the classified service until the appointment shall have been so certified. (1933; 1937.)

Editor's Note: The catchline of this section originally read as follows: "Certification of appointment."

Sec. 11. Severability clause applicable to article; remedying defects caused by unconstitutionality.

If any section, subsection, sentence, clause, or phrase of this article is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this article. The electors hereby declare that they would have passed this article, and each section, subsection, sentence, clause, and phrase hereof, irrespective of the fact that any one (1) or more other sections, subsections, sentences, clauses, or phrases are declared unconstitutional. If any portion of this Charter relating to civil service should be held to be unconstitutional, the council shall by ordinance provide for a substitute for such portion in such manner as to remedy the defect. (1933; 1937.)

Editor's Note: The catchline of this section originally read as follows: "Constitutionality."

Sec. 12. (Repealed).

Editor's Note: This section was repealed in 1945. It formerly dealt with old-age retirement.

Sec. 13. War or emergency appointments.

During any war in which the United States is engaged or any national emergency causing induction or conscription for the armed forces, and notwithstanding any other provision of this article, the commission, after public notice and hearing, may authorize temporary appointments with or without examination to any position or positions in the classified service for such period of time as the commission may determine, but not exceeding the duration of said war or emergency and six (6) months thereafter. Such position or positions, while filled by such temporary appointments, shall be in the unclassified service. The date of termination of a war or emergency, for the purposes of this section, shall be as fixed by proclamation of the President of the United States, or by concurrent resolution of the two (2) Houses of Congress of the United States, or by resolution of the council of the City of Glendale, whichever date is earliest. (1943.)

Editor's Note: The catchline of this section originally read as follows: "War emergency appointments."

Article XXV. Employees' Retirement.

Sec. 1. City to participate in state system; contract with retirement system; tax.

The participation of the city in Public Employees' Retirement System shall continue and shall include all specific benefits and provisions heretofore approved by the council or by the voters. All other existing or future amendments to the public employees' retirement law which by their terms require amendment of the contract between the city and the system, may also apply if the council in its discretion elects by the adoption of an ordinance or resolution to amend the contract with said system to

include such benefits or any of them. A tax sufficient for the city's participation shall be levied, in addition to taxes authorized elsewhere in this Charter. (1937; 1945; 1947; 1955; 1972.)

Article XXVI. Revenue Bonds for Waterworks and Electric Works.*

* In the case of *City of Glendale v. Chapman et al.*, 108 Cal. App. (2d) 75, 238 P. (2d) 162, it was held that an ordinance authorizing the issuance of municipal waterworks bonds payable only out of the net earnings of the waterworks is not invalid as authorizing the incurring of indebtedness contrary to section 18, article 11 of the constitution, requiring the vote of the people.

Sec. 1. Issuance generally; how payable; application of restrictions in Charter outside this article.

Revenue bonds for the purpose of providing moneys for the acquisition or construction of additions to or extensions or improvements of the waterworks or electric works of the city or for the purpose of refunding any revenue bonds previously issued under this article may be issued only as provided in this article. Such revenue bonds shall not constitute any indebtedness of the city but shall be payable, principal and interest, only from the revenue fund derived from the public utility to be added to, extended or improved with the proceeds of said bonds or the proceeds of the bonds to be refunded with said bonds, and no restrictions or limitations upon or procedure for the issuance of bonds in other articles of this Charter shall apply to such revenue bonds. (1949.)

Editor's Note: The catchline of this section originally read as follows: "Revenue bond purposes."

Sec. 2. Bond ordinance generally.

Whenever the council proposes to issue revenue bonds pursuant to this article it shall adopt an ordinance authorizing the issuance of such bonds which shall recite the objects and purposes for which the bonds are to be issued, the principal amount thereof, the maximum rate of interest thereon, the date of issue of said bonds, the maturity dates thereof, and the revenue fund from which said bonds and the

interest thereon are to be payable, and such provisions authorized by Section 3 of this article as the council deems desirable. Said bonds shall be issued in negotiable form and shall be negotiable. The recitals of regularity of proceedings in any revenue bond issued and sold shall be conclusive evidence of compliance with the provisions of this article and of the validity of such bond. (1949.)

Editor's Note: The catchline of this section originally read as follows: "Revenue bond ordinance."

Sec. 3. Terms and conditions of bond ordinance, etc.; bond ordinance, etc., as contract.

In the ordinance authorizing the issuance of said bonds or in any ordinance, resolution or order in the proceedings for the issuance and sale thereof, or in any indenture authorized by the council in respect of said bonds, the council may, in any article, section, sentence, or clause thereof make such provisions as it may deem necessary or desirable to facilitate the issuance and sale of the bonds or for the protection or security of the holders thereof, including without affecting the generality of the foregoing provisions for any or all of the following:

1. The denominations of the bonds, the rate or rates of interest thereon, the medium of payment thereof, the place or places of payment thereof, within or without the State of California, the form of said bonds (including recitals of regularity) and of interest coupons pertaining thereto, the form, denomination and conditions of any temporary bonds or interim certificates, and the manual or facsimile signatures to be affixed to said bonds, coupons or certificates.

2. The terms and conditions under which said bonds may be issued, sold, paid, called before maturity, refunded, exchanged, registered, transferred and negotiated, and issues for more than one (1) purpose or utility may be sold on all or none basis.

3. Rates to be charged for services furnished by the public utility added to, extended or improved with the proceeds of said bonds, such rates to provide revenue at least sufficient to pay as the same

become due, principal and interest of such bonds and all other obligations payable from the revenue fund of such works or from any fund derived therefrom and the necessary expenses of maintaining and operating such works, and the extent to which such services may be furnished or rendered to the city or to any public corporation free or at lower rates than those otherwise charged.

4. The revenue fund from which said bonds and the interest thereon shall be paid; the collection, deposit and safekeeping of revenues, the permissible uses thereof (including restrictions upon or prohibitions against any uses authorized or required by other articles of this Charter), the special fund or funds to be kept for the payment of principal and interest of the bonds, including reserve, sinking, interest and redemption, and trust funds; the permissible investments for moneys in said funds, the accounts and records to be kept, audits thereof and examination thereof by bondholders and others.

5. The carrying of insurance upon such public utility, or any part thereof, against any and all risks.

6. Prohibitions against or limitations upon the sale, lease or other disposition of such public utility.

7. Prohibitions against or limitations upon the issuance of any additional bonds payable from the revenues of the public utility so acquired, constructed, extended or improved, but no bonds shall be issued pursuant to this article or under any other provision of this Charter having any priority in payment of principal or interest out of such revenues over revenue bonds theretofore or thereafter issued and payable out of said revenues.

8. Provisions whereby the consent or agreement of a stated percentage or number of the holders of the bonds may bind all holders to modifications of the provisions of any ordinance, resolution, order or indenture authorizing or providing for the issuance of such bonds, or to a refunding of said bonds and to calls or exchanges in connection with such refunding.

9. Any other provisions valid under the Constitutions of the State of California and United States of America which the council deems necessary or desirable to facilitate the issuance and sale

of said bonds or for the protection of holders thereof.

The ordinance authorizing the issuance of said bonds, any indenture authorized by the council, and all other ordinances, resolutions, or orders in the proceeding for the issuance of said bonds shall constitute a contract with the holders of the bonds and may be enforced by them under any applicable legal remedies. (1949.)

Editor's Note: The catchline of this section originally read as follows: "Revenue bonds—Terms and conditions."

Sec. 4. Limitations on issuance.

The following limitations shall apply to the issuance of bonds under this article.

1. Said bonds shall be payable within not more than forty years from the date of issue thereof, and not less than one-fortieth part of the whole of any issue of bonds shall be payable annually beginning not later than ten (10) years from the date of such issue.

2. Said bonds shall be designated "Revenue Bonds" and each bond shall state on its face that it does not constitute an indebtedness of the City of Glendale but is payable, principal and interest, only from the revenue fund of the utility for which the proceeds of the bonds will be used.

3. Said bonds shall be sold only at public sale following such notice as the council by resolution may prescribe; provided, however, that if no satisfactory bid is received pursuant to such notice the council may reject all bids received, if any, and thereafter sell said bonds at public or private sale; provided, further, that the provisions of this subsection shall not apply to the exchange of any refunding bonds.

4. Said bonds shall be sold for not less than par and accrued interest to date of delivery. The proceeds from the sale (except premium and accrued interest which shall be used for the payment of principal and interest of the bonds) shall be applied exclusively to the objects and purposes set forth in the ordinance authorizing the issuance thereof; provided, however, that said proceeds may

be used for the payment of interest on said bonds during the period of acquisition and construction and for the first six (6) months thereafter; and provided, further, that when the objects and purposes for which the bonds were issued have been accomplished any remaining unexpended funds derived from the sale of said bonds shall be used for the payment of the principal and interest of said bonds. (1949.)

Editor's Note: The catchline of this section originally read as follows: "Revenue bonds—Limitations."

Sec. 5. Construction of bond ordinances, etc.; control of Charter provisions by ordinance.

To the extent that any provision of any ordinance authorizing the issuance of bonds pursuant to this article or of any ordinance, resolution, order or indenture pertaining thereto, adopted, made or entered into pursuant to the authority of this article, is inconsistent with any of the provisions of any other article of this Charter, the provisions of such ordinance, resolution, order or indenture shall control so long as any of the bonds and interest coupons to which the same pertain are outstanding and unpaid. (1949.)

Editor's Note: The catchline of this section originally read as follows: "Revenue bond proceedings—Effect of."

DATE November 21, 1995

TO Honorable Mayor & City Council

FROM City Attorney

SUBJECT AGENDA ITEM: Report; Amendment to City Charter Re: Term Limits; Placement on the ballot.
1) Motion directing preparation of amendment for placement before the electorate at the November 5, 1996 election

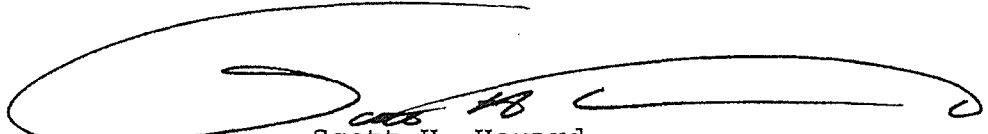

On November 7, 1995 the Council directed the City Attorney to prepare the necessary draft language for a proposed Charter amendment which would limit the terms of office for City Council members and School Board members (so long as the School Board consented to inclusion within the proposed amendment by November 22, 1995). I have been informed by a representative of the group which appeared before Council to advocate for term limits that the School Board would not be formally addressing the matter until their meeting of December 4, 1995. Additionally, I have been informed albeit second hand, that Community College Board legal counsel has agreed with my opinion that under S.B. 2, the College Board has no authority to propose term limits until January 1, 1996.

Pursuant to the above, and the fact that to begin with we had a very narrow window of time within which to draft the necessary Charter amendment, present same to the Council for adoption, and call for the election, it appears that we would not have sufficient time to meet the required December 8th deadline and include either the School District or, for legal reasons, the College Board in our notice calling the special election and performing the other actions necessary to ultimately consolidate the election with the County as required by law.

Therefore, it is my understanding that the group which has approached the Council seeking to have the issue of term limits placed before the electorate would be agreeable to having the matter placed before the electorate at the November 5, 1996 Presidential election.

The motion originally approved by the Council did not specify a date upon which the draft amendment would be returned to the City Council. In light of the developments as aforesaid, I have attached a motion directing preparation of an amendment as originally proposed including a provision to require the matter to be returned to the Council not later than May 7, 1996.

I will be available to respond to questions or concerns at the November 28, 1995 meeting.

Scott H. Howard
City Attorney

On February 6, 1996 during a discussion of the merits of placing a term limits charter amendment before the electorate, a proposal was submitted to have the Council consider a Voters' Rights Amendment for submission to the electorate in the same manner as the proposed term limits measure. The Council requested that the matter be placed on the agenda for consideration on February 20, 1996 and that this office research the matter and render an opinion regarding the validity of such a measure.

As will be seen from the following, it is the opinion of this office that the measure as drafted is preempted by both the Constitution and State law and therefore invalid.

THE MEASURE

The measure as proposed appears to be designed to accomplish two distinct goals. The first is to establish the voters inalienable right to elect whomever they choose to represent them on the Glendale City council. The second, and most problematic is the attempt to limit the process by which a charter amendment (limited to councilmanic terms) is placed before the electorate.

The measure states in pertinent part that the Council cannot permit a limit of Council terms of office without solely following the initiative process ¹. The measure if placed on the

¹ We are assuming for this opinion that the authors of the proposed Voters Rights Amendment used the term "initiative" in its traditional constitutional context, ie; the right of the people to place a Charter amendment before the electorate through the process of gathering sufficient signatures and otherwise following the process established by state law therefor.

ballot and adopted, would effectively abrogate the right of the City Council to propose and place a term limits charter amendment on the ballot unless same first complied with the initiative process under state law².

THE PREEMPTIVE EFFECT OF STATE LAW

The conclusion that the measure as proposed would be invalid due to its conflict with state law did not involve an exercise of gleaning esoteric conflicting legal principals. In fact, the law is fairly well established with regard to the process by which Charter amendments may be proposed to the electorate.

California Constitution, Article 11 Sec. 3 (b) provides:

"The governing body ...of a...city may propose a charter or revision. **Amendment** or repeal may be proposed by initiative **or by the governing body**". (emphasis added)

The foregoing provision on its face establishes an alternative procedure for proposing an amendment to a City Charter (initiative or by the governing body). The governing body in the case of Glendale is "The Council". (see Charter article VI Sec. 1).

In District Election of Sup'rs Committee for 5% v. O'Connor (78) 78 Cal. App. 3d 261, the Court was faced with the issue of whether a Charter provision which reduced the number of signatures required to qualify a charter amendment for the ballot was valid. The court found that the issue of charter amendment procedures was properly a matter of statewide concern and thus general laws of the state superseded any charter provision in conflict therewith.

We have analyzed the foundation for the District Election etc. opinion and find its reasoning to be sound and well supported. Historically, the procedures involving the establishment of a

² The Glendale Charter provides that the initiative process shall be as provided under state law (Art. XVIII Sec.1). As seen from this opinion, this provision is surplusage as it applies to Charter amendments. It only serves to underscore the preemptive effect of state law in this area.

Honorable Mayor & City Council
February 14, 1996
Page 3

city charter and the amendment or repeal thereof were embodied in the Constitution. As part of an attempt to refine parts of the constitution a number of sections were streamlined to remove cumbersome detailed provisions in the charter enactment and revision process that could be better treated by statute (see 1968 Report of the Cal. Const. Revision Com., coms., pgs.53 & 54). The electorate expressed its will with regard to the streamlining process, that the relevant provisions were to be construed as restatements of such former constitutional principles without any substantive change. In retaining the former language pertaining to charter adoption and amendment (through initiative or the governing body) the revisions merely effected a removal of the amendment procedures in favor of uniform statutory regulation as a matter of continuing statewide concern (see District Election etc. (supra))

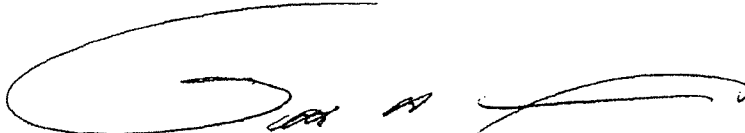

This analysis applies with even more force in the situation faced by the Voters' Rights Amendment. In the situation facing the court in District Election etc., the issue was whether a signature requirement which had previously been embodied in the Constitution and subsequently "streamlined" into the legislative arena, was still controlling over any city charter provision in conflict therewith (the Court found that it was). In the situation presented by the Voters' Rights Amendment, the issue of the process to be followed to place a proposed charter amendment on the ballot is still in the Constitution [Art. 11 Sec.3(b)]. It is also found in state law (Govt. Code Sec. 34458 which provides that a proposed charter amendment may be placed on the ballot by the governing body on its own motion). It is without question that under the District Election etc. analysis of the Voters' Rights Amendment is fatally flawed for two reasons; 1) the California Constitution expressly permits the governing body to place a proposed charter amendment before the electorate without the need to comply with the initiative process, and 2) the above, notwithstanding the matter of regulating the process of placing a proposed charter amendment before the electorate is a matter of paramount state concern thereby preempting any local attempt to change the procedure through a charter amendment (see District Election etc., supra., recently cited with approval in 76 Ops. Atty. Gen. 169 (93); and California Federal Sav. and Loan Ass'n v. City of Los Angeles (91) 54 Cal. 3d 1.

CONCLUSION

Based upon the authority cited above it is clear that the proposed Voters' Rights Amendment would be and is invalid as an attempt to abridge the City Council's right under the Constitution and the reasoning of District Election etc. to place a proposed charter amendment on the ballot without first following the initiative process.³

The only legal alternatives available to the proponents of such a measure, as we see it at this time, is to either redraft the measure (or seek council direction to the city attorney) to limit same to a measure which merely states that no elected member of the council, city clerk or city treasurer shall be subject to any term limit⁴, or to simply oppose the proposed term limits measure at the ballot box.

Finally, it should be noted that in the event a conflicting measure is placed on the April 1, 1997 ballot, through whatever means, and both "pass", the Constitution provides that those provisions of the measure receiving the highest affirmative vote shall prevail (Cal. Const. Article 11 Sec.3(d)).

³ Term limit measures are not preempted by state law (see Cawdrey v. Redondo Beach (93) 15 Ca. App. 4th 1212 - term limits for charter city not preempted by State law; Legislature v. Eu (91) 54 Cal. 3d. 492 - term limits for state legislators upheld; Senate Bill 2, eff. January 1, 1996 - enabling legislation permitting term limits for cities, counties and districts).

⁴ This is somewhat an idle or redundant act in that the Charter currently does not limit the number of terms that an elected official may serve.

TO Honorable Mayor and City Council

FROM City Attorney

SUBJECT AGENDA ITEM: Proposed Charter amendments regarding term limits; (1) Resolution approving proposed Charter amendments and instructing City Clerk and City Attorney to prepare the required documents for Council approval to place the matter on the ballot for the April 1997 municipal election

Pursuant to Council direction in February 1996, this office was to prepare an amendment to the City Charter regarding term limits. The measure would include the City Council and if authorized by the School Board and Community College District Board of Trustees, elected members of those bodies. To date, this office has received no written confirmation of approval or authorization to include either of these bodies within any proposed term limits measure. We have heard through news accounts and other hearsay that neither body has authorized inclusion in any term limits measure.

Pursuant to the above, I have drafted language regarding two proposed term limits measures consistent with council direction. The measures do not include the School Board or College Board of Trustees.

The first measure (at the appropriate time the measure will be given its official designation for the ballot) would limit the terms of Councilmembers to two consecutive terms with the ability to later seek office after two years have elapsed without the individual having been in office as a Councilmember. Previous and partial terms would be counted toward the two-term limit.

The second measure would specifically state that no term limits shall be imposed upon any elective officers of the city.

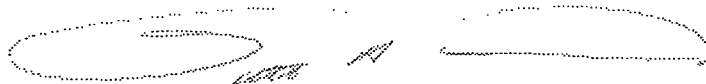

A Resolution is attached which contains the specific language of the two proposed measures.

If approved by the Council, the city clerk and the city attorney shall prepare the required documentation at the appropriate time

for council approval regarding the selection of an individual or group to prepare arguments in support of and opposition to the measures, the official summary of the measures, and other necessary paperwork to ensure that the measures are properly placed before the electorate for the April 1, 1997 municipal election.
