10 Attorneys for Plaintiffs

11 **UNITED STATES DISTRICT COURT**
12 **SOUTHERN DISTRICT OF CALIFORNIA**

13 KIM RHODE, et al.,

14 Plaintiffs,

15 v.

16 XAVIER BECERRA, in his official
17 capacity as Attorney General of the State
18 of California,

19 Defendant.

Case No.: 3:18-cv-00802-BEN-JLB

**DECLARATION OF TRAVIS
MORGAN**

Hearing Date: August 19, 2019
Hearing Time: 10:30 a.m.
Courtroom: 5A
Judge: Hon. Roger T. Benitez

DECLARATION OF TRAVIS MORGAN

1
2 1. I, Travis Morgan, make this declaration of my own personal knowledge and,
3 if called as a witness, I could and would testify competently to the truth of the matters set
4 forth herein.

5 2. I am the General Manager of Guns, Fishing and Other Stuff (“GFOS”), a
6 California licensed firearms dealer located in Vacaville, California.

7 3. California Department of Justice (“DOJ”) regulations require GFOS to
8 collect a customer’s personal information by swiping the customer’s driver’s license or
9 identification card through a magnetic strip reader in order to populate the required fields
10 in DES. But in every instance, DES does not populate the customer’s gender, hair color,
11 eye color, height, weight, place of birth, and telephone number. Instead, GFOS must
12 manually enter this information into the system prior to submitting the transaction. DES
13 will not allow a transaction to be submitted without this information, regardless of the
14 type of background check being submitted.

15 4. Setting aside the required manual entry of information, use of a P.O. Box
16 listed on the customer’s ID will result in an error message stating “a physical address
17 must be entered by hand.” California law and DOJ regulations, however, do not allow
18 GFOS to manually edit a customer’s address as reflected on their driver’s license or
19 identification.

20 5. DOJ recommends that, after submitting a customer’s transaction for DOJ
21 approval, GFOS write down the 16-digit DROS number associated with the submission.
22 GFOS must then search all submitted ammunition transactions using this number to
23 check the status or proceed to the next step of the transaction process.

24 6. After locating the appropriate transaction, GFOS can then assist the
25 customer in selecting which ammunition to purchase. But before GFOS can deliver any
26 ammunition to the customer, GFOS must first enter the manufacture, condition, caliber,
27 and quantity of any ammunition the customer intends to purchase into DES. Foothill
28 Ammo can then select “deliver” in DES to generate the final document for the

1 transaction. DOJ has instructed GFOS to print this document, which will generate
2 separate pages for each type of ammunition associated with the transaction.

3 7. After printing the required pages, GFOS can then process the transaction
4 through its own point-of-sale system and charge the customer for the ammunition and fee
5 associated with the type of background check.

6 8. Setting aside any time necessary for DOJ to approve the transaction, it takes
7 on average 15-25 minutes to enter the information required into DES for a transaction
8 involving more than one type of ammunition.

9 9. Since the implementation of the new ammunition sales restrictions on July 1,
10 2019, approximately 20% of attempted ammunition transactions have been rejected for
11 reasons unknown to GFOS.

12 10. Since the implementation of the new ammunition sales restrictions on July 1,
13 2019, GFOS has been forced to turn away multiple customers who, after learning of the
14 new requirements to purchase ammunition, did not wish to engage or attempt an
15 ammunition transaction for various reasons. Reasons for this loss in potential business
16 include the potential costs to customers or that the customer was unsure if they had either
17 the necessary documentation or appropriate records on file with DOJ to obtain the
18 required electronic approval.

19 11. Since the implementation of the new federally compliant identification
20 requirements, GFOS has been forced to turn away approximately half of its potential
21 customers who had a "FEDERAL LIMITS APPLY" identification and did not have the
22 necessary supplemental documentation to establish proof of lawful U.S. presence as
23 required.

24 12. GFOS does not have the resources to hire additional employees to process
25 ammunition transactions. But having more than 2 or 3 customers at a time would require
26 additional employees to properly assist and service their needs as a result of the new
27 ammunition sales restrictions.
28

1 13. I fear that the new ammunition sales restrictions will prevent GFOS from
2 being able to maintain a profitable ammunition sales business moving forward.
3

4 I declare under penalty of perjury that the foregoing is true and correct. Executed
5 within the United States on 7/15, 2019.
