Lisa,

I had mentioned in the audit committee meeting that I was told (couldn't confirm) that there was a quote for less expensive photography services. John was asking if he could see that quote. I indicated you had mentioned it, but might not want to reveal your source. It's ok if you don't want to pursue it, but be prepared for the question from John when you return. Mike was in the same situation about another issue and he indicated he would have to talk to his source to see if they are willing to bring information forward on their own. You could take that route as well or just say you'd rather not even ask. It's up to you. I hope you enjoyed your mini vacation.
