1 I, Regina R. Chavez, declare:

2 1. I am a custody assistant in the Conceal Carry Weapon (CCW) Unit of
3 the Los Angeles County Sheriff's Department (LASD).

4 2. I am writing this declaration to inform the Court about the process for
5 obtaining a CCW permit in Los Angeles County and to provide the Court with
6 copies of materials related to the denial of Erick Velasquez' CCW application.

7 3. LASD is currently working through a backlog of CCW applications
8 that materialized in the wake of the *Bruen* decision.

9 4. Before the *Bruen* decision, applicants who applied for a CCW permit
10 in California had to demonstrate good cause for the permit to issue, which limited
11 the number of applications that LA County received. During this pre-*Bruen* time
12 period—from early 2021 through July 2022—LASD accepted initial CCW
13 applications from any of the 28 participating law enforcement agencies in LASD's
14 MOU, which eventually led to all of LA County. LASD did so even where those
15 residents lived in municipalities that could process their CCW applications
16 instead.

17 5. On June 24, 2022, following the *Bruen* decision, the California
18 Attorney General directed issuing authorities to no longer enforce the good cause
19 requirement in the CCW permitting regime. LASD subsequently received a
20 massive influx of CCW applications, approximately 1000–1200 per month for at
21 least six months. Prior to *Bruen*, LASD staff were able to handle the volume of
22 incoming applications. But the post-*Bruen* influx strained LASD's capacity.

23 6. Since then, LASD has made a number of changes to improve its
24 response times.

25 7. *First*, LASD implemented an electronic application system. Prior to
26 May 2023, LASD received all applications for CCWs by hard paper copy. LASD
27 employees then manually inputted those applications into LASD's online
28 system—a time- and labor-intensive process. On May 22, 2023, LASD launched

1 its automated application system Permitium, through which applicants can apply
2 directly online. This system eliminated LASD employee time spent inputting new
3 applications into the system.

4 8. *Second*, LASD staff members have been putting forth their best
5 efforts to timely process CCW applications, including working overtime. Before
6 January 2024, LASD typically had around five investigators who handled both
7 renewals and initial applications, though the number of investigators fluctuated.
8 During that time, the staff was able to process approximately 20-30 applications
9 per week. LASD, with the assistance of available support personnel from other
10 units, now has four permanent investigators dedicated to initial applications who
11 are assigned approximately 45 applications each week and one investigator
12 focused solely on CCW renewals who can process the background on
13 approximately 40 applications per week. Despite its budget limitations, LASD is
14 currently working to add additional investigators to the team.

15 9. *Third*, LASD worked with law enforcement agencies to clarify the
16 specific cities for which it would handle CCW applications. As of August 2022,
17 LASD limited first-time applicants to residents residing within LASD's contract
18 cities and LASD's unincorporated communities. Due to this change, the number
19 of applications on a monthly basis significantly declined.

20 10. Notwithstanding LASD's efforts to improve processing times, a
21 significant backlog remains. There are approximately 7,300 paper applications
22 submitted before the shift to Permitium and approximately 2,100 applications
23 submitted via Permitium that still need to be processed. In addition, the county-
24 wide applications that LASD granted before the *Bruen* decision are now up for
25 renewal, which is adding additional volume to the backlog. Currently, LASD is
26 working through paper applications that were manually entered into LASD's
27 tracking system in December 2022, though LASD would have received these hard
28 copy applications months before then.

1 11. Beyond the volume concerns, there are additional factors affecting
2 the processing timeline.

3 12. Applications as received often require LASD investigators to follow
4 up with applicants to procure further documentation and information, causing
5 additional delays.

6 13. For a period of time, background checks conducted by the
7 Department of Justice often took longer than anticipated to complete. That was
8 entirely outside LASD's control.

9 14. LASD experienced staffing shortages, budget constraints, and office
10 relocation measures, which delayed processing applications.

11 15. Last, LASD also had a change in administration following the
12 election of a new sheriff, causing delay in the approval and issuance of CCW
13 licenses.

14 16. Attached hereto as Exhibit 1 is a true and correct copy of the Los
15 Angeles Sheriff's Department's denial of Mr. Velasquez' carry a concealed
16 weapon application.

17 17. Attached hereto as Exhibit 2 is a true and correct copy of the police
18 reports retrieved during processing of Mr. Velasquez' carry a concealed weapon
19 application.

20 I declare under the penalty of perjury under the laws of the United States of
21 America that the foregoing is true and correct.

22
23 Executed on February 21, 2024.

NARRATIVE

NARRATIVE

On 05-04-23, at approximately 0011 hours, I was dispatched to 5182 Malabar Street regarding a vehicle burglary report. Upon arrival, I spoke with the victim, Erick Velasquez who told me the following.

Velasquez said on 05-03-23, at approximately 2330 hours, he was working at the above-mentioned address when he heard a car alarm activate. Velasquez said he thought it was a random vehicle (not his), so he ignored it. Velasquez said he finished his shift at approximately midnight hours and went out to his vehicle which was parked on Malabar Street, north of 52nd Street. Velasquez said he opened his vehicle and saw that the center console was open and some of his belongings were scattered throughout the vehicle. Velasquez said he then checked the trunk of his vehicle and began to look for his pistol range bag which contained three pistols. Velasquez said his range bag was taken. After further inspection, he also noticed the suspect(s) stole his Chase checkbook. For further regarding the stolen property, refer to the property portion of this report.

Velasquez said he can identify the stolen property if seen again and is desirous of prosecution for the burglary to his vehicle.

Investigation:

There was no damage to the vehicle so it's unknown how the suspect(s) entered the vehicle. I was unable to obtain any latent finger prints.

I checked the surrounding area for video surveillance cameras and located several on the west wall of the above-mentioned address. Velasquez said the surveillance cameras do work; however, they don't record. No evidence was located.

I took photographs of the scene and Velasquez provided me with photographs of two of the stolen pistols. I searched the internet and obtained a sample photograph of the third stolen pistol. I later downloaded these photographs into this report.

I provided Velasquez a business card containing the report number and Marsy's Law printed on the back.

I completed an AFS Clerts form for each stolen pistol and forwarded the forms to Vernon Dispatch. Vernon Dispatch entered the stolen pistols into AFS.

Section 4 - CCW License Conditions and Restrictions

The licensee is responsible for all liability for, injury to, or death of any person, or damage to any property which may result through any act or omission of either the licensee or the agency that issued the license. In the event any claim, suit, or action is brought against the agency that issued the license, its chief officer or any of its employees, by reason of, or in connection with any such act or omission, the licensee shall defend, indemnify, and hold harmless the agency that issued the license, its chief officer or any of its employees from such claim, suit, or action.

The licensee authorizes the licensing agency to investigate, as they deem necessary, the licensee's record and character to ascertain any and all information which may concern his/her qualifications and justification to be issued a license to carry a concealed weapon and release said agency of any and all liability arising out of such investigation.

While exercising the privileges granted to the licensee under the terms of this license, the licensee shall not, when carrying a concealed weapon:

- Consume any alcoholic beverage.
- Be in a place having a primary purpose of dispensing alcoholic beverages for on-site consumption.
- Be under the influence of any medication or drug, whether prescribed or not.
- Refuse to show the license or surrender the concealed weapon to any peace officer upon demand.
- Impede any peace officer in the performance of his/her duties.
- Present himself/herself as a peace officer to any person unless he/she is, in fact, a peace officer as defined by California law.
- Unjustifiably display a concealed weapon.
- Carry a concealed weapon not listed on the permit.
- Carry a concealed weapon at times or circumstances other than those specified in the permit.

Title 49, section 46505 of the United States Code states that a license to carry a concealed weapon does not authorize a person to carry a firearm, tear gas, or any dangerous weapon aboard commercial airlines. Further, a person must declare that he/she is carrying such firearm, tear gas, or any dangerous weapon BEFORE entering the boarding area of an air terminal where the security checks are made. Such violation can result in arrest by law enforcement.

Any violation of these restrictions or conditions may invalidate the CCW license and may void any further use of the license until reinstated by the licensing authority. Any arrest for a felony or serious misdemeanor, including driving under the influence of alcohol and/or drugs, is cause for invalidating the license.

Section 6 - Agreement to Restrictions and to Hold Harmless

I accept and assume all responsibility and liability for, injury to, or death of any person, or damage to any property which may result through an act or omission of either the licensee or the agency that issued the license. In the event any claim, suit or action is brought against the agency that issued the license, its chief officer or any of its employees, by reason of, or in connection with any such act or omission, the licensee shall defend, indemnify, and hold harmless the agency that issued the license, its chief officer or any of its employees from such claim, suit, or action.

I understand that the acceptance of any application by the licensing authority does not guarantee the issuance of a license and that fees and costs are not refundable if denied. I further understand that if my application is approved and I am issued a license to carry a concealed weapon, that the license is subject to restrictions placed upon it and that misuse of the license will cause an automatic revocation and possible arrest and that the license may also be suspended or revoked at the discretion of the licensing authority at any time. I am aware that any use of a firearm may bring criminal action or civil liability against me.

I have read, understand, and agree to the CCW license liability clauses, conditions, and restrictions stated in this application and Agreement to Restrictions and to Hold Harmless.

I have read and understand the applicable Penal Code sections regarding false statements on a CCW Application, manslaughter, killing in defense of self or property, limitation on self-defense and defense of property, and child access and firearm storage, stated in this application.

I have read and understand the Firearms Prohibiting Categories attachment to this application. I further acknowledge that these prohibiting categories can be amended or expanded by state or federal legislative or regulatory bodies and that any such amendment or expansion may affect my eligibility to hold a CCW license.

NARRATIVE

NARRATIVE

On 05-04-23, at approximately 0011 hours, I was dispatched to 5182 Malabar Street regarding a vehicle burglary report. Upon arrival, I spoke with the victim, Erick Velasquez who told me the following.

Velasquez said on 05-03-23, at approximately 2330 hours, he was working at the above-mentioned address when he heard a car alarm activate. Velasquez said he thought it was a random vehicle (not his), so he ignored it. Velasquez said he finished his shift at approximately midnight hours and went out to his vehicle which was parked on Malabar Street, north of 52nd Street. Velasquez said he opened his vehicle and saw that the center console was open and some of his belongings were scattered throughout the vehicle. Velasquez said he then checked the trunk of his vehicle and began to look for his pistol range bag which contained three pistols. Velasquez said his range bag was taken. After further inspection, he also noticed the suspect(s) stole his Chase checkbook. For further regarding the stolen property, refer to the property portion of this report.

Velasquez said he can identify the stolen property if seen again and is desirous of prosecution for the burglary to his vehicle.

Investigation

There was no damage to the vehicle so it's unknown how the suspect(s) entered the vehicle. I was unable to obtain any latent finger prints.

I checked the surrounding area for video surveillance cameras and located several on the west wall of the above-mentioned address. Velasquez said the surveillance cameras do work; however, they don't record. No evidence was located.

I took photographs of the scene and Velasquez provided me with photographs of two of the stolen pistols. I searched the internet and obtained a sample photograph of the third stolen pistol. I later downloaded these photographs into this report.

I provided Velasquez a business card containing the report number and Marsy's Law printed on the back.

I completed an AFS Clerts form for each stolen pistol and forwarded the forms to Vernon Dispatch. Vernon Dispatch entered the stolen pistols into AFS.

CASE REPORT

CASE#2021-00016162

NARRATIVE

On 04/20/21, at approximately 0040 hours, I responded to 9617 Stamps Ave, regarding a report of shots fired. The reporting party stated he accidentally discharged a 9mm, and nobody had been hurt. Corporals Barajas and Flores and I responded and contacted Erick Velasquez at his residence. The following is a summary of his statement to me.

Velasquez brought home a CZ 75 Compact handgun (serial number F034049) earlier in the day. The firearm is a double action/single action hammer fired handgun with a safety, but no decocking mechanism. He was familiarizing himself with the firearm in his bedroom on the second floor, and he did not have any dummy rounds. He put a live 9mm round into the chamber, and he meant to slowly and manually ease the hammer forward. The hammer slipped from his fingers and the weapon discharged into the wall to the south of his bedroom. He did not believe anyone was injured.

I inspected the firearm and rendered it safe. On the south wall of Velasquez's residence on the second floor, I observed damage, and Velasquez stated it was the result of the round passing through the wall, heading towards 9623 Stamps Ave. I was unable to contact anyone at that address. It did not appear as though there was any damage to 9623 Stamps Ave from the firearm.

I was unable to trace the path of the bullet through the wall from the inside of the residence using a flexible gun lock. Officers were unable to see my flashlight shining through the wall from the inside of the residence.

Sgt Pelayo was advised of the incident.
